RE-ORGANIZATION OF WAR INDUSTRIES BOARD ANNOUNCED

Baruch Named Chairman With Vastly Increased Powers

WASHINGTON, March 5.—Reorganization of the war industries board with Bernard M. Baruch, of New York as chairman and with vastly increased powers to control the output of American industry during the war was announced today by President Wilson. Final determination of all questions of property in deliveries to any department of the United States government and to the allies is vested in the board and it is charged with coordinating and anticipating the needs of any of these, creating or improving facilities for production and advising as to prices.

Much of the power is given to the chairman with the board acting in an advisory capacity, and he, the president says, "should act as the general eye of all supply departments in the field of industry."

Through the board it is proposed to eliminate all competition for supplies between the various departments and the allies, thus meeting in a measure, at least, the demand in congress for centralization of power. There were suggestions today that the action announced was one of the steps contemplated by the president when he sent to the senate the bill now pending to enlarge his powers for re-organizing and co-ordinating government agencies and that the delay in bringing the measure to a vote caused him to proceed without waiting for legislation. If the bill is passed it will be possible to make more specific some of the authority now given the industries board. The president prescribed new duties of the board in a letter to Mr. Baruch requesting him to accept the chairmanship as successor to Daniel Willard, who recently resigned to devote his entire attention to his duties as president of the Baltimore & Ohio Railroad and as chairman of the advisory commission of the council of national defense.

In his letter to Mr. Baruch the president said in part: "I am writing to ask if you will not accept appointment as chairman of the war industries board and I am going to take the liberty at the same time of outlining the functions of the board as I think they should be established."

"The functions of the board should be: "1.—The creation of new facilities and the disclosing, if necessary, the opening up of new or additional sources of supply. "2.—The conversion of existing facilities where necessary to new uses. "3.—The studios conservation of resources and facilities by scientific, commercial and industrial economies. "4.—Advice to several purchasing agencies of the government with regard to the prices to be paid. "5.—The determination wherever necessary of priorities of production and of delivery of the proportions of any given article to be made immediately accessible to the several purchasing agencies when the supply of that article is insufficient, either temporarily or permanently. "6.—The making of purchases for the allies. "This board should be constituted as at present and should retain so far as necessary and so far as consistent with the character and purposes of the re-organization its present advisory agencies; but the ultimate decision of all questions, except the determination of prices should rest always with the chairman, the other members acting in a co-operative and advisory capacity. "The duties of the chairman are: "1.—To act for the joint and several benefit of the supply departments of the government. "2.—To see to it that what is being successfully done and interfere as little as possible with the present normal processes of purchase and delivery in the several departments. "3.—To guide and assist wherever the need for guidance or assistance may be revealed. For example in the alteration of contracts in obtaining access to materials in any way, or in the disclosure of sources of supply. "4.—To determine what is to be done when there is any competitive or other conflict of interest between departments in the matter of supplies. For example when there is not a sufficient immediate supply for all and there must be a decision as to priority of need or delivery or when there is competition for the same source of manufacture and supply or when contracts have not been placed in such a way as not get advantage of full product capacity of the country. "5.—To see that contracts and deliveries are followed up where such assistance as is indicated under (3) and (4) above has proved to be necessary. "6.—To anticipate the prospective needs of the several supply departments of the government and their feasible adjustment to the industry of the country as far in advance as possible in order as definite an outlook for planning as possible may be afforded the business men of the country. "In brief he should act as the general eye of all supply departments in the field of industry."

Casualties

WASHINGTON, March 5.—General Pershing today cabled the war department the names of another lieutenant and three more enlisted men killed and five additional men severely wounded on March 1, the day of the German assault on an American trench near Toul. This brought the total casualties of that date thus far reported to the department to three lieutenants and seventeen men dead, one captain, one lieutenant and sixteen men severely wounded and ten men slightly wounded.

The men reported today as killed were: First Lieutenant David K. Sumer, Jonesboro, Ga., and Privates Knute Olson, Stoughton, Wis., Bruno Silkowski, Joliet, Ill., and Lloyd W. Spetz, Bismarck, N. D.

The five men reported severely wounded were: Oliver D. Deardorff, Decatur, Ill., and Privates Roy J. Collins, Petersburg, Ill.; Frank J. Houle, Ware, Mass.; Giuseppe Paucchi, San Francisco and William Rhodes Sougel, Calif.

General Pershing also reported that Second Lieutenant John Flenniken, Lynn, Mass., was killed in action Feb. 27 and that three privates of a machine gun battalion were severely wounded Feb. 28. They were William Wass, Watertown, Mass.; Roy P. Metcalf, Irasburg, Vermont, and Raymond Pease, Londondale, Vt.

The names of the men who have been slightly wounded in action also were reported as follows: Sergeant Sydney A. Morency, St. Johnsbury, Vt.

Corporal Leslie S. Bean, Popular Bluffs, Mo.

Privates Ernest G. Bowen, Carthage, Texas.

William C. Ciseel, Montgomery, Ind.

Ralph J. Bean, Littleton, N. H.

Clarence R. Hill, Middleboro, Ky.

James W. Patrick, Phoenix, Ala.

George M. Hazelbrook, Pittsburgh.

Cadet George Philpottaux of New York, died Feb. 25 as the result of an airplane accident the war department was advised today by General Pershing. Private Edward B. Crane of Malden, Mass., died Feb. 24 from gunshot wounds.

These deaths from natural causes also were reported:

Corporal Max Loop, Saginaw, Mich.; pneumonia.

Ernest J. Kizler, Philadelphia, spotted fever.

Privates William W. Sullivan, Middleford, scarlet fever.

George W. Caldwell, Prosser, Wn., diphtheria.

Charles A. Utz, Seattle, Wn., pneumonia.

Edward Baker, Brattleboro, Vt., septicaemia.

EXPORTS OF FOODSTUFFS BY U. S. ANNOUNCED

Amount Sufficient to Furnish a Balanced Ration to an Average of More than 16,000,000 Yearly Has Been Shipped to Allies Since the Beginning of War.

Washington, March 5.—Food sufficient to furnish a balanced ration to an average of more than 16,000,000 men yearly was shipped from the United States to the allies from the beginning of the war to last January 1, the food administration announced tonight in making public an analysis of the nation's enormous exports of foodstuffs to Great Britain, France, Italy and Russia. In addition there was a surplus of some 625,000 tons of protein and 268,000 tons of fats.

Russia received less than one percent of the total or only enough to feed about 10,000 men a year. Great Britain took more than half of the total or enough to feed about 8,000,000 men. France was next with enough for 4,200,000 men and Italy sufficient for more than 2,000,000 men. The three together received an excess of protein capable of supplying this portion of the diet to some 2,000,000 additional men.

The total exports of wheat and wheat flour to Great Britain, France and Italy was equivalent to 284,000,000 bushels, or an average of 110,000,000 bushels per year. Exports of pork and pork products totalled almost 200,000,000 pounds while sugar exports to those countries showed a yearly average of 648,000,000 pounds. Oats exports totalled 212,751,000 bushels; corn 24,310,000 bushels and rye 3,618,000 bushels.

Exports of fresh beef amounted to 443,484,000 pounds while exports of butter totalled 29,000,000 pounds; cheese 103,500,000 pounds and condensed milk 126,000,000 pounds. Cotton seed, linseed and other oil products and by-products to be used for feeding cattle totalled 611,000,000 pounds.

ARE STUDYING NON-SINKABLE CONSTRUCTION

Washington, March 5.—A board of naval officers headed by Rear-Admiral Winterhalter, Secretary Daniels said today, is making thorough study of the non-sinkable construction placed aboard the former Austrian liner Lucia and will report on its practicability for general use in merchant craft in the war zone.

The Lucia is equipped with buoyancy devices to make her unsinkable by submarines. Naval opinion is divided to some extent as to the practicability of the plan.

ANNOUNCES CANDIDACY FOR RE-ELECTION

Washington, March 5.—Senator Tillman of South Carolina, veteran Democrat of the senate agriculture committee tonight announced his candidacy for a fifth term.

PRESIDENT OF CARPENTERS WILL APPEAL TO WILSON

Refused Representation On Wage Adjustment Committee

WASHINGTON, March 5.—Failing today to get the approval of Representatives of the navy, the emergency fleet corporation and the metal trades-unions of his proposal to put a spokesman of the carpenters on the wage adjustment committee in shipbuilding disputes William L. Hutcheson, president of the Brotherhood of Carpenters announced tonight that an appeal would be taken to President Wilson.

"If he does nothing, then we are thru," Mr. Hutcheson declared, "and it is up to the government to keep the men in line."

"Does that mean a strike?" he was asked.

"How do I know?" was the answer.

"They struck last time and only returned to work in response to the president's appeal in the belief that the matter would be adjusted to their satisfaction."

Hutcheson said there were 50,000 idle carpenters who could be put to work building ships if the work was available some of these men may find work in Canada.

Hutcheson asked that the existing agreement between the metal trades unions and the emergency fleet corporation be changed to provide for a representative of the carpenters in addition to a general labor representative who was declared to be unqualified to deal with wood working questions, because his experience has been only on the metal trades. General Manager Plez for the fleet corporation refused to consent to the change without the approval of the metal trades unions, with which it was made. The conference today in which assistant Secretary Roosevelt appeared for the navy discussed the question for nearly eight hours then adjourned without agreement or arrangement for a continuance of negotiations. Previous negotiations likewise were unfruitful of results the striking carpenters having returned to the shipyards when President Wilson declared the war program was being delayed and refused to see Mr. Hutcheson.

Hutcheson told the conference that thousands of men have been signed up for service but have not been given work because the shipbuilding program is being delayed by lack of timber.

The text of the charges he has proposed in the wage adjustment agreement made public for the first time by Mr. Hutcheson, follows:

"1. That when matters pertaining to hours and wages in reference to construction of wooden ships or work affecting the wood working craft are being considered by the wage adjustment committee of the fleet corporation, a representative of the United Brotherhood of Carpenters and Joiners of America shall sit on said committee with full authority and voting power, the same as other members on said committee."

"2. That employers procure all necessary help thru the offices of the department of labor.

"3. That any grievance aside from hours and wages shall be taken up direct by the men and their foremen; failing of settlement, the men shall take it up with the management if an adjustment is not reached the matter shall be referred to the general president of the United Brotherhood of Carpenters and Joiners of America and the United States shipping board. Pending adjustment no cessation of work shall take place."

SOCIALIST CANDIDATE ANNOUNCES PLATFORM

MILWAUKEE, March 5.—Victor L. Berger, candidate for United States senator on the Socialist ticket today announced his platform in which he says among other things that if elected he will demand and work for an immediate general and permanent peace; the passage of a resolution by congress directing the president to summon the warring countries to an immediate armistice and peace conference; the withdrawal of American troops from Europe to procure absolute security for this country; legislation depriving any citizen or corporation of profit derived from the sale of war supplies to the American government; legislation assuring this country against widespread unemployment when the American soldiers return home; nationalization of all industries that have become trusts; national ownership of all means of transportation and communication and development of unoccupied arable lands by the nation.

CREW OF CRUISER SEADLER LANDED.

Valparaiso, March 5.—The Chilean Schooner Falcon has arrived here from Easter Island, having on board the crew of the German auxiliary Cruiser Seadler. The Germans reached the Easter Island in a sloop after the Seadler was lost.

Nearly a year ago reports were current that the German auxiliary cruiser Seadler had been sunk by a British cruiser.

DEMOCRATS VICTORIOUS IN GREATER NEW YORK

Regain Control of House or Representatives By Electing Candidates In Four Districts — New York Women Vote for First Time.

New York, March 5.—Control of the house of representatives was regained by the Democrats today when they elected their candidates from four districts in greater New York as special elections were called to choose successors to four members of that party who had resigned their seats in congress.

New York women had their first chance to vote since they won the right at the polls last November. It was significant that they cast 31,858 votes out of a total of 78,192 in the four districts. They voted early, seemed to have made up their minds what they were going to do before they received their ballots and asked few "foolish questions."

In all the districts the Democratic nominees were elected over their Republican opponents by comfortable margins. The most surprising feature was the fact that in the 22nd district, which includes part of the borough of the Bronx, the vote cast for the Socialist candidate exceeded by approximately 700 that given the Republican nominee. The Socialist vote in the other districts was negligible.

The only district which had a woman candidate was the 21st, where Mrs. Mamie Colvin ran on the Prohibition ticket. Her vote was 382 out of a total of 23,928.

In none of the districts was there any special issue involved except that of party politics. All the districts are normally Democratic.

Election officials who had predicted that the advent of women as voters would slow up the election machinery professed to have been pleasantly surprised. Many of them declared the women acted more intelligently and voted more expeditiously than the men.

William E. Cleary, Democrat, was elected congress from the eighth congressional district of this city to succeed Daniel J. Griffith, Democrat. His plurality over William L. Morehouse, Republican was 4,744.

Nearly half the 22,211 votes cast in the district were polled by women.

John J. Delaney, Democrat, was elected in the seventh district by a plurality of 3,156, to succeed John J. Fitzgerald, Democrat. Women cast 7,095 of the 19,145 votes in the district.

Anthony J. Griffin, Democrat, was elected in the twenty second district over Richard Furlong, Republican by a plurality of 6,148. The vote for Furlong was exceeded by that for Arthur F. Dieckman, Socialist.

The woman vote was 5,480 out of 12,968. Griffin will succeed Henry Bruckner, also a Democrat.

Jerome F. Donovan, Democrat, was elected in the twenty first district over John A. Bolles, Republican, by a plurality of 2,101 to succeed Murray Hubert, Democrat.

The total vote was 23,928, with 9,372 cast by women.

BOLSHEVIKI NOT PLEASED WITH PEACE

Surrender of Premier Nikolai Lenin May Cause a Section to Join the Left Social Revolutionaries.

London, March 5.—The often reiterated statement of English correspondents that anything may happen in Russia at any time and that nothing need cause surprise may possibly be illustrated by the developments there pending the ratification of the Russo-German peace treaty, according to reports appearing here today. It is said that a section of the Bolsheviks is in no way pleased with the surrender of Nikolai Lenin, the Bolshevik premier and is inclined to join the Left Social revolutionaries, the war spirit still prevailing according to the Daily Mail's Petrograd correspondent.

U. S. WILL NOT OPPOSE JAPANESE ACTION IN SIBERIA

Altho Exchanges Regarding Situation are Continuing

WASHINGTON, March 5.—Exchanges regarding the situation in Siberia and the proposed action there by the Japanese are continuing, and apparently have developed the fact that there is no difference in principle between Japan and the allies or between the United States and Japan, altho the United States probably will not give formal assent to any operations which may be undertaken.

White house officials were disturbed tonight over a published report that the state department had been authorized that the United States was not in accord with the attitude of the allies toward the Japanese plans. It was explained that no statement had been authorized except that the United States had given its assent to the action under consideration.

The principle upon which all parties to the exchanges are said to be agreed is that if German influence is working harmfully in Siberia and if there is imminent risk of the loss of the military stores at Vladivostok Japan will be justified in using whatever measure of force that may be necessary to carry out her obligation to maintain peace in the far east during the war. Differences of opinion are understood to relate to the measure of support to be given Japan in such an undertaking.

One diplomat remarked today that public discussion of the Siberian question seemed to lose sight of the existence of a special treaty between Great Britain and Japan making it obligatory upon the latter to protect not only her own interests but that of her ally as well on the continent of Asia. Under this treaty it is held in diplomatic quarters that, while as a matter of courtesy it behooved Japan to keep the entente allies and the United States government informed of her purposes it was not necessary to make any proposition to the United States government and probably not to her allies, except Great Britain. In this connection it was explained at the state department that no direct proposal had been received from Japan regarding Siberia. It is known however that the department has been fully informed of the Japanese plans through the British government. Therefore the status of the matter now, so far as can be gathered is that Japan has learned that her allies heartily approve of her entry into Siberia if necessary to carry out her obligations. United States government officials apparently believe that it is not necessary for them to give any formal assurances on the subject, tho on good authority it was learned that it is believed that this course can be outlined to Japan in a way to make it perfectly clear that there is no lack of understanding of Japan's position, so that no strain will be placed upon the relations between the two countries thru the failure of America to record a final approval.

It is understood that there is still a chance that peace and order in Siberia and the elimination of German intrigue there can be secured by the Japanese without the exception of actual force. Information is being collected from every quarter as to the extent of the danger to be expected from either German prisoners of war or the extreme maximalists Russian party. It is understood that a special investigation is being made into the strength of the Cossack general Semenov, who it is believed really brought the Siberian issue to the fore by an appeal to Japan for aid in suppressing the Bolsheviks. It is suggested that these Cossacks are the "loyal Russians" referred to in today's Tokio despatches as an element which must not be antagonized.

London, March 5.—The often reiterated statement of English correspondents that anything may happen in Russia at any time and that nothing need cause surprise may possibly be illustrated by the developments there pending the ratification of the Russo-German peace treaty, according to reports appearing here today. It is said that a section of the Bolsheviks is in no way pleased with the surrender of Nikolai Lenin, the Bolshevik premier and is inclined to join the Left Social revolutionaries, the war spirit still prevailing according to the Daily Mail's Petrograd correspondent.

in this paper and also the local
news published herein.

Obey every patriotic regulation
your country demands of you, then
talk of your patriotism.

The drill in the field, in the can-
tonments and on the farm will help
win.

Italian women are digging in the
trenches and on the farms. They
have no time for knitting.

Former base ball players are the
experts in throwing bombs from the
trenches.

"Our war aims from the beginning
were the defense of the fatherland,"
said von Hertling. Is that the reason
that the devastation of Belgium
was the way they began?

War Historian Simonds discounts
the stories of the million Teutons
who have been rushed from the east
to the west front. He puts the num-
ber at about 400,000, and says that
Germany will have considerable trou-
ble in assembling that many in the
time. It is easy to toy with mil-
lions of men on paper, but not so
easy to move them around. The
"million men" said to have been
transferred from the east to the
Italian front were found to be only
70,000.

An especial friend of the crown
prince of Germany is credited with
the statement that "the last picture
must be put at auction in Rome and
the last franc must be taken from
the French before we undertake to
pay the cost of the war ourselves." There
is evidently a terrible awakening
ahead for these extreme Pan-
Germans. The costs of the war may
be assessed by the allies—but they
will not exact a penalty that will
cause further and endless suffering
to innocent people.

Certain conditions are now operat-
ing in the United States to release
tens of thousands of skilled men to
industries engaged in producing
either breadstuffs or war supplies.
The great cantonments have been
constructed, liberating regions of me-
chanics. Shipyards are being rapidly
completed, and in a short time they
can disburse with other legions.
Plant building and tool making gen-
erally are giving way to activities
dealing directly with the war. In
other words, the United States is
rapidly getting to the end of pre-
liminary work.

A RE-UNITED PARTY.

It looks like a re-united Repub-
lican party and that it will not be
long before there is shaped up a
platform on which Republicans can
rally and which will once more pave
the way to victory. There is grow-
ing a sentiment in the country that
the time has come for a change in
the composition of Congress, and
that the issues relate to a larger
vision in the management of the things
pertaining to the war. One of the
first considerations, however, in the
congressional elections is to see that
only men are chosen that believe in
carrying on the present war to a suc-
cessful termination. We believe Re-
publicans can be relied on to take
no step backward.

COPPER PROSPERITY.

According to the Geological Sur-
vey, production of copper in the
United States during 1917 amounted
to \$510,000,000 as compared with
\$190,000,000 in 1913. It is prob-
able that the total value of copper
produced in America since the out-
break of the war in Europe is some
\$800,000,000 greater than the aggre-
gate would have been at the normal
rate of production and value. Since
increased price per pound represents

the greater part of the increased
value, and there has not been a cor-
responding increase in cost of pro-
duction, the total increase represents
a very large augmentation of net
profit to the copper producers of
America. The copper producing re-
gions will be very prosperous for
many years to come.

BROKEN PROMISES.

(From the Kansas City Star)
Germany agreed at The Hague
convention of 1907 to certain definite
rules of war. Among them were
these:

No employment of deleterious
gases.

No bombardment of unfortified
towns.

No pillaging.

No levying of illegal contributions
in occupied territory.

No seizure of funds belonging to
private persons.

No collective penalties for indi-
vidual acts (prohibiting shooting of
hostages.)

No terrorization of a country by
outrages of its civil inhabitants.

Every one of these provisions has
been deliberately violated by Ger-
man forces—violated as deliberately
as the neutrality of Belgium was vi-
olated.

We know what society does to an
individual who flouts his word. Its
action is of a sort to make the break-
ing of promises unpopular. In that
way it has helped educate men in
the way of truth telling and reliabil-
ity. The same process must be ap-
plied to the treaty breaking nation.

AGRICULTURE IN ENGLAND.

The London Observer in speaking
of agricultural work in England has
the following:

In addition to its programme of
additional cultivation, the Depart-
ment has to see that the require-
ments of the farmer in respect of la-
bour, horses, machinery, fertilisers,
seeds, and so on are met as far as
supplies are available. As to labour,
about 50,000 more or less skilled
men have been obtained from the
Army and other sources to replace
the labourers called to the colors.
More than 250,000 women are work-
ing on the land. A certain number
of prisoners of war and interned
Germans, including 4,000 skilled
ploughmen, have also been placed
at the disposal of the farmers.

Notable service has been done by
the Department in the provision of
tractors and other farm machinery.
About 2,000 tractors have already
been delivered. The Ford tractors
from America have been delayed by
the necessity of transporting large
numbers of troops, but many are
ready for delivery, and it is hoped
that they will be at work here by the
spring. Ten thousand horses have
been arranged for, and as they be-
come available they are hired out
with or without ploughs and men, to
farmers applying for them.

JAPAN AND SIBERIA.

Some Americans look askance at
the proposed entry of Japan into Si-
beria. There are many today who
consider the people of Japan as in
truth "a yellow peril" and who be-
lieve that Japanese eyes have long-
ingly turned upon this country and
that it is only a question of time
until the U. S. must submit to or de-
feat Japan. But the great majority
of people are content to trust Ja-
pan's declarations of friendship and
in the present instance they must
necessarily accept the Japanese de-
claration that their intentions in the
present war are thoroughly in har-
mony with those of the allies.

Certainly if Japan can do anything
to check German aggression in Rus-
sia and to cut off Germany from the
immense supplies and resources
which can be obtained in Russia,
she will be making a large contribu-
tion toward the cause of the allies.
At any rate the U. S. seemingly must
trust Great Britain in the present in-
stance for the part Japan is taking in
the present war is because of her al-
liance with Great Britain, and that
country is in a measure sponsor for
Japan.

THE FARM ADVISER'S WORK.

Morgan county's new farm advis-
er is entering enthusiastically upon
his work. Certainly he has arrived
at a time when problems of success-
ful farming promise to be more dif-
ficult than ever before. Mr. Kendall
is ready to give his advice based upon
experience and study. He is also ex-
pecting to aid some farmers by tel-
ling them about the methods used by
other farmers in this community.

Any county adviser learns much
from the farmers with whom he is
working. He does not claim to know
all about agriculture, but like other
good farmers, he is continually
learning something of value.

Another duty for the county agent
will be to impress the farmers with
the great value of united effort and
of the dollars which can come to
them thru the exchange of ideas.

THE NEED FOR CITY FUNDS.

There was a series of burglaries
in Jacksonville Sunday night and at-
tempted burglaries were reported
last night. In recent weeks there
have been accidents and near acci-
dents on the streets because in an en-
deavor to save coal the city is with-
out street lights the greater part of
the night. The situation simply em-
phasizes the actual need that must
be met for current funds in Jackso-
ville is to be properly lighted and
properly patrolled. These two terms are
in a large measure synonymous, for
a city well lighted all night has
much less need for police protection
than a city with its streets in dark-
ness. Light is the best kind of po-
lice protection. It is time for some-
body to find a way to at least tempo-
rarily finance this city.

CO-ORDINATING WAR
TIME EFFORT.

The appointment of a Morgan
county committee to serve as a clear-
ing house for war fund campaigns is
the beginning of an organization
greatly needed. There have been
several campaigns already "put out"
with great success in Morgan county
and if the war continues for several
years there will be numerous other
such campaigns. If a separate or-
ganization were to be perfected for
each one of these campaigns there
would be a vast waste of effort and
a great duplication of machinery,
with consequent loss of both energy
and money. The formation of the
committee means a co-ordination of
war time enterprises and so a unit-
ing effort and a lowering of expense.

No campaign will now be conduct-
ed which does not have the approval
of the committee and when funds
are solicited those who give will
have the satisfaction of knowing not
only that the persons soliciting are
well intentioned but that the project
has the approval of the committee
appointed to have general supervi-
sion of the war time endeavors. This
local committee is in line with the
plan mapped out by the state council
of defense. Months ago a number of
cities worked out separate plans of
co-ordinated effort because they
found that to have separate organiza-
tion for each campaign meant a
great amount of unnecessary expense
and of arduous labor.

Another benefit of the plan will
be to impress upon the people the
value of united effort and perhaps
the lessons will be so well learned
that Jacksonville people will be will-
ing to apply the principle to munici-
pal affairs.

HENEY'S INVESTIGATION
ADJOURNS FOR FEW DAYS

Next Session Will be Held After
United States Court of Appeals
Rules on Appeals of Henry Veeder,
Counsel for Swift & Co.

Chicago, March 5.—After delving
today into correspondence relating
to the activities of A. E. DeRicques
of Denver, a livestock man who from
an opponent of the big packers de-
veloped into their advocate, the fed-
eral trade commission's investigation
into the packing house industry ad-
journs for a few days. The next
session, Francis J. Heney, counsel
for the commission announced would
be held after the United States cir-
cuit court of appeals had ruled on
the appeal of Henry Veeder, counsel
for Swift & Co. is seeking to pre-
vent the commission from taking
possession of papers and documents
taken from a vault in his private of-
fice under a search warrant. Mr.
Heney contends the papers seized
and which are now in the custody of
the commission contain matters germane
to the packing house investigation and
also that they will tend to prove col-
lusive action on the part of the pack-
ers amounting to a felony.

Argument on the Veeder appeal is
set for tomorrow before the court of
appeals.

If the court rules for the govern-
ment and we get access to those pa-
pers," said Mr. Heney, "we will be
able to show several things going over
them before the hearing is resumed."

The correspondence introduced to-
day consisted of letters from, to and
concerning Mr. DeRicques.

In them were appeals for contribu-
tions to the boy scouts of Denver;
statements of the view of Mr. De-
Ricques on the packing house situa-
tion; friendly recommendation of
Mr. DeRicques by J. O. Armour to
the National City Bank of New York
and statements concerning the pros-
perity of the Denver man's livestock
and loan business.

The DeRicques correspondence Mr.
Heney said was introduced to throw
light on the transformation of a
packers' opponent into a packers' friend.
After reading some of the
letters from the packers expressing
favorable views of Mr. DeRicques,
Mr. Heney remarked to the examiner
presiding at the hearing that the let-
ters expressed very different opin-
ions than those contained in other
packers' letters already presented
in evidence which related to a period
when the Denver man was opposing
the packers and was active in the
ranks of those who asserted that the
cattlemen were not given a "square
deal" by the packers.

The government attorneys in the
Veeder appeal contend that the
search warrant under which the dis-
puted papers were seized was a per-
fectly legal proceeding. Counsel for
the packers contend that the seizure
was an unjustifiable usurpation of
authority.

U. S. WILL TAKE OVER
GERMAN-OWNED PIERS

WASHINGTON, March 5.—Action
on a request made by President Wil-
son today for legislation authorizing
him to acquire for the government
complete legal title to the German-
owned piers of the North German
Lloyd and Hamburg-American lines
at Hoboken, N. J., was postponed
until tomorrow by the senate ap-
propriations committee because
some of the members insisted upon
knowing the reason for the proposed
action.

Several Democratic and Republi-
can senators joined in opposition to
granting the request until the ad-
ministration submits reasons for ac-
quiring the properties. Some mem-
bers expressed fear that the step
might commit the government to
government shipping ownership and
operation.

Lively dispute in committee fol-
lowed and it was decided to hear a
representative of the administration
on the subject tomorrow. As the
government has commandeered the
piers members of the committee
argued that there should be an ex-
planation of the necessity for further
action.

Administration leaders urged that
the president's request should be
granted without calling on him for
detailed reasons. They were con-
fident that at tomorrow's meeting the
amendment would be approved.

YOUNG MAN WANTED
for general work — must be
over 16. Apply at once.
BARR'S LAUNDRYNEW PHYSICIAN AT
STATE HOSPITAL.

Dr. E. H. Marshall, county physi-
cian, residing at Buffalo, Ill., has
recently been appointed to the staff
of physicians of Jacksonville State
Hospital.

Dr. Marsellus has served as coun-
ty physician at Buffalo, for several
months.

Mr. and Mrs. J. W. Johnson of Is-
land Grove vicinity were among the
visitors in the city yesterday. Mr.
Johnson is a township collector and
was here in a business capacity. He
says though that Sangamon county
is going back to the three commis-
sioners form of government instead
of the present township organiza-
tion.

M. W. A. DANCE

Wednesday night at Woodman
hall, fine floor, Carroll-Large orches-
tra will perform.

CARD OF THANKS

We sincerely thank the friends
and neighbors for their kindness to
us in our recent bereavement. Also
for the many beautiful flowers.

GOVERNMENT WILL NOT
SELL ENEMY PROPERTY

Statement Made By A. Mitchell Pal-
mer, Alien Property Custodian.

Washington, March 5.—A. Mit-
chel Palmer, alien property custo-
dian in a statement issued today,
said there was no contemplation on
the part of his office to sell enemy
property in this country except
where concerns are being liquidated
under license by the war trade
board.

"Some misunderstanding seems
to have arisen relative to the policy
of this office in respect to sales of
enemy property," said the state-
ment. "A number of businesses
operated in this country by persons
coming within the enemy class or by
partnerships in which a member is
an enemy are being liquidated
under licenses issued by the war
trade board under the supervision
management and control of the alien
property custodian. The property of
such concerns in process of liquida-
tion is of course being sold. There
are also in various parts of the coun-
try quantities of commodities which
are enemy owned and which may be
sold to prevent waste. Outside of
these cases the alien property custo-
dian does not have in contempla-
tion any sale of enemy property."

"It has been suggested that the
congress may give the alien property
custodian larger powers to dispose
of enemy property. If such changes
in the law shall be made, the matter
of sales of enemy property will then
be given consideration."

An amendment to the pending
urgent deficiency appropriation bill
to give the custodian larger powers
for the disposition of property was
offered in the senate today.

DATE OF NEXT DRAFT
WILL BE MADE SOON

Provost Marshal General's Office Has
Prepared "An Important An-
nouncement" Which is Believed to
Deal with Second Levy.

Washington, March 5.—Announce-
ment of the date of the next draft
is imminent. The provost marshal
general's office has prepared "an im-
portant announcement" which is be-
lieved to deal with the time and
method of summoning the second
levy. The best opinion is that the
first of the men will move to camp
in April.

Publication of the announcement
is held up for action by congress on
pending amendments to the selective
service act. The most important of
the proposed changes, in the opinion
of Provost Marshal General Crowder,
is that which will give him author-
ity to base state quotas on the total
number of men in Class A 1, instead
of the total registered.

Preparation have been made for
summoning of the remaining negroes
certified under the first draft. Be-
tween 70,000 and 80,000 of these
were called but only half of them
have been sent to the training camps.
The inadvisability of centralizing
these troops in southern camps and
the fact that the army medical au-
thorities do not believe it safe to trans-
fer them to colder northern camps
during the winter are given as the
principal reasons for the delay.

PUBLIC AND PRESS
OPINION DIVIDED

LONDON, March 5.—Reuter dis-
patch from Tokyo under date of
March 2, says:

"Public and press opinion is rad-
ically divided on the question of
Japan's intervention in Siberia. One
of the strong political elements,
which also is commercially powerful,
urges Japan to remain inactive, in-
sisting that the talk of a German
menace thru Siberia is merely a
mare's nest and opposed the mobiliza-
tion of men and resources.

"Another, including the best ele-
ments in Japan is daily and more loud-
ly demanding action. The leading
newspapers in the capital belong to
this side. The newspaper Kokumin
which is regarded as frequently ex-
pressing the views of the premier un-
equivocally asserts today that the
government is running the risk of
irreparable loss if it longer delays
action against Germany and the Bu-
sheviki in Siberia which must short-
ly come under their complete con-
trol."

CAPTAIN KILLED IN
ACTION FROM IOWA

Washington, March 5.—War de-
partment officials are certain that
the "captain of West Point, 1917
class," referred to in despatches de-
scribing the unsuccessful German at-
tack upon the American trenches
near Toul last Friday was Lieuten-
ant Stewart W. Hoover of Blackfoot,
Id., whose name appears in the cas-
ualty list reported by General Persh-
ing last night. Lieutenant Hoover
was a member of the West Point
class which was graduated ahead of
schedule April 20, 1917.

COURT OF HONOR

Bloomington, Ill., March 5.—The
state convention of the Court of
Honor today elected the following of-
ficers for four years:

State Chancellor—B. H. McCann,
Bloomington.

Treasurer—A. L. Karney, Bloom-
ington.

Secretary—A. P. Rosewald, Rush-
ville.

ORDER INCREASE IN
OUTPUT OF FLOUR.

Chicago, March 5.—The milling
division of the food administration
today issued orders providing for an
immediate increase in the output of
flour. The order notifies flour mil-
lers that they may return to a 90
per cent basis. The original basis
was established by averaging the
output of the mills for three years.
The mills were first put on a 90 per
cent schedule then cut to 75 per
cent and are now put back to 90 per
cent.

William Cannon, Jr., and daughter
have returned to their home on Doo-
lin avenue after a visit with friends
in Nebo.

Social Events

Missionary Society
Met With Miss Askew

The woman's Missionary society of Westminster church met with Miss Edith Askew of Grove street Tuesday afternoon with a good attendance. Roll call was responded to with quotations from the Book of Ezra. Japan was the subject of discussion by several members. Following the program a social hour was enjoyed.

Orleans Country Club.

The Orleans Woman's Country club met with Mrs. Clyde Cox Tuesday afternoon with a good attendance of members.

The meeting was called to order by the president, Mrs. Arnold. The minutes of the previous meeting were read and approved. After the business session Mrs. James Dobyns presented a paper, the subject being, "Our Allies."

The roll call was responded to by early housekeeping experiences. Liverized refreshments were served.

The next meeting will be held March 19th with Mrs. Henry Stewart.

Honored Birthday Anniversary.

A company of relatives and friends gathered at the home of Mr. and Mrs. Carroll Robinson Sunday in honor of the thirtieth birthday of Mr. Robinson. An excellent dinner was served at the noon hour and the afternoon was very happily spent with music. When the company departed it was with the hope that they might join in celebrating a great many other anniversaries in the Robinson home.

The Delta Alpha
Class Entertains.

The Delta Alpha class of Central Christian church entertained at banquet Monday evening in the banquet hall of the church. The class is taught by Miss Marie Finney. Plates were set for twenty. The menu consisted of baked chicken, mashed potatoes, peas, perfect salad, pickles, baked apples with whipped cream, and Lady Baltimore cake. The committee on arrangements was composed of Mrs. W. O. Swales, Mrs. J. M. Fristoe, Mrs. Donald McLaren and Mrs. Fred Woodward.

Miscellaneous Rush
for Mrs. C. E. Souza.

A miscellaneous rush in honor of Mrs. Charles E. Souza, who was recently married, was given at the home of the Misses Souza, on North Diamond street Monday evening. About forty of her friends were present and a delightful time was enjoyed. Little Miss Dorothy DeFrates acted as "messenger," coming in on her tricycle, beautifully decorated in pink and blue, the color scheme. She was assisted by Alvin Johnson, Francis Angel, Aileen and Herbert Goeva. Miss DeFrates then presented the gifts to Mrs. Souza. Prizes were won by Mrs. C. Busey, Mrs. A. Angel and Miss Grace Day. Music was furnished by several of those present. Dorothy DeFrates gave several recitations. Dainty refreshments were then served, the guests departing at a late hour.

GOOD GAMES IN
SUNDAY SCHOOL LEAGUE

Christian Church Wins From Centenary 20 to 13—State Street Drubs the League Leaders in Overtime Battle.

In two of the best played games of the whole season, and with all the dope buckets turned wrong side out the Central Christian and State Street churches won games last night in the "Y" S. S. B. League.

The first game between Central Christian and Centenary started with a rush and before the Christians could get started, the Centenary five had five points to their credit and it looked like an easy victory. But phenomenal team work and wonderful basket shooting left the score at the end of the first half 8-5 with the Christians holding the long end. The second half was a battle royal also but in this half the Christians got their eyes on their opponents were getting 9. For the Christians no particular man starred as the whole team played such a good team work game that every member deserves credit. Headen and Woods were put in the fray at the beginning of the second half and each came thru with a field goal.

The second game was by far the most closely contested and hardest fought of the evening. The first half ended with a tie 9-9 and when the second half was up the scores found there was still a tie 17-17 so five minutes over time was played and the State Street hit their regular stride and won 32-28.

For Grace Hill was the high point maker he getting 22 of the 28 points scored by Grace. The State Street quintet were a more evenly balanced team and Lucas, Hembrough and Tomlinson were the stellar performers. Farrell and Lenington also played great defensive games at the guard positions.

NATIONAL PROHIBITION CONVENTION DEADLOCKED

Day of Bitter Debate Spent During Which Caustic Epithets and Charges of Disloyalty to Party Were Hurling from One Side to the Other.

Chicago, March 5.—After a day of bitter debate during which caustic epithets and charges of disloyalty to the party were hurled from one side to the other, the delegates to the national prohibition convention still were deadlocked tonight on the question of merging with the new Nationalists party formed at St. Louis by Socialists who disagreed with the party's stand on the war.

Throughout the day the anti-merger faction had the better of the argument three times winning minor skirmishes but by night leaders of each side the predicting victory were planning compromises to be introduced later.

The first victory for the anti-merger faction came when they forced thru a motion to make the debate on the question unlimited.

The anti-merger won against a minutes later when they succeeded in passing a motion making two thirds majority necessary to pass the merger resolution. It was said to be the first time the prohibitionists had required more than a majority to pass any action.

The third victory came when the merger faction was defeated in an attempt to have representatives of the nationalists who convene here tomorrow address the convention.

after the debate had closed. The anti-mergers insisted that the nationalists speak before the debate closed, thus giving them a chance for rebuttal.

The resolution calling for the merger was introduced by Mr. Brubaker and provided that a satisfactory platform must be adopted by the nationalists. The chief objections to the nationalist platform were that it favored the single tax and that its main purpose apparently was not nationwide prohibition. The delegates favoring the merger insisted that prohibition was the main thing for which the nationalists are working.

Among the compromises suggested one was that the prohibition party keep its national committee intact to work for nationwide prohibition. Another was that an agreement, first be reached that the prohibitionists have a certain number of representatives on the nationalists national committee.

Third strongly favored by the anti-merger faction was that each party retain its own name but that committees be formed to co-operate in obtaining certain legislation. The prohibitionists were exceptionally bitter over the fact that Mayor Thompson apparently refused to deliver the address of welcome. He was requested to do so and Virgil Hinslaw, chairman of the national committee in opening the convention said that "prominent Chicagoans asked to deliver an address of welcome had refused."

Herman P. Paris of Clinton, Mo., was elected chairman of the convention without opposition.

At the night session of the convention John Sparo, one of the leaders of the group which bolted from the Socialists convention in St. Louis and now educational secretary of the national party, addressed the convention explaining the plan of the proposed merger. He was then questioned for two hours by the delegates after which they adjourned until tomorrow.

KANSAS AGGIES WIN GAME

Manhattan, Kans., March 5.—Taking the second of a two-game series the basketball team of the Kansas State Agricultural College defeated the University of Kansas here tonight 32 to 25. The Aggies got an early lead and never were in danger.

WRESTLING MATCH.

Kansas City, March 5.—Wladek Zbyszko won from John Freiberg here tonight after wrestling forty minutes with a half Nelson and crotch hold.

SALARIES PAID OFFICERS OF SHIPYARD DEFENDED

By Dwight P. Robinson, President of the Corporation Before Senate Commerce Committee—All Salaries Were Approved by Shipping Board

Washington, March 5.—Salaries paid officers of the Hog Island shipyard by the International Shipbuilding Corporation which has a contract for building 120 government ships with government money on a commission basis were defended before the senate commerce committee today by Dwight P. Robinson, president of the corporation. He was the first of several officials who will present the company's side of the Hog Island controversy. Many of the yard's officers were employed by the Boston engineering firm of Stone & Webster, before entering the employ of the International Corporation and Mr. Robinson told the committee that in the cases of such men the increased salaries they now receive represent what they would have been paid by Stone & Webster had they remained with that firm. He said that possibly the yard's \$25,000 a year general manager might not have gotten that much from the Boston concern but added that all of the salaries were approved by the shipping board.

In justifying other salaries, including \$2,000 a month to publicity men, Mr. Robinson said capable men could not be retained for less money. The publicity men he said were employed to aid in a campaign to impress upon the public the necessity for building merchant ships. Mr. Robinson said he received no salary from the government nor from the American International but as an associate in the firm of Stone & Webster, which is affiliated with the American International he will share in the profits. Major Hamilton, a retired officer of a national guard organization is on the pay roll of the corporation at a salary of \$12,000 a year as civil engineer. The witness said it was necessary to pay Mr. Hamilton that amount.

Senator Nelson read into the record a communication from one of his Minnesota constituents who said:

"It is very hard to go out and sell thrift stamps to children and then have the money blown in as it is on fat salaries and oversized contracts."

SHELLS FALLING THICK WITHIN U. S. LINES

WITH THE AMERICAN ARMY IN FRANCE, Monday, March 4.—By The Associated Press.—Shells have been falling thick and fast within the American lines and upon the enemies positions in the Toul sector.

Aside from a big barrage which the enemy placed on the American positions at daylight in this neighborhood two thousand projectiles have been dropped in the terrain occupied by the Americans.

The American casualties however, have been extremely light.

The infantry activity was confined solely to patrol parties. The Americans searched No Man's Land in the snow for the bodies of enemy killed on the raid.

None were found, but the body of one American was discovered in the American wire in front of a listening post. The man had on his gas mask. A bullet had passed thru his head. Only two cartridges remained in his rifle which was found under his body and there were other indications that he died fighting. The heavy snow is continuing.

GENTLEMEN'S AGREEMENT FAILS TO BRING ACTION

Madison, Wis., March 5.—A gentlemen's agreement by members of the state assembly to shun technicality and proceed to vote on the resolution condemning United States Senator Robert M. La Follette failed to bring action when tonight's session convened.

The break came when Speaker Whittaker ruled that 40 minutes of debate was all that could be allowed. At this Assemblyman Evjue, La Follette floor leader, said that if "gag law" were to be enforced he would not be bound by the agreement to vote.

Every seat in the galleries was taken and there was a disappointed crowd outside.

DELEGATES RETURN HOME

London, March 5.—A Reuter despatch from Petrograd says that owing to the refusal of the delegates of the central powers to treat with the representatives of the new Ukrainian rada on the ground that the central powers already had acknowledged the old rada, the new rada delegates have returned home from Pskov and issued a proclamation to the people asking them to resist the enemy and destroy all munition supplies.

STORY OF JOYCE SLAYING TOLD IN COURT

CLEVELAND, O., March 5.—The story of the slaying of Charles L. Joyce was told today in Judge Kennedy's crowded court room by the confessed slayer, Elmer Hupp, on trial for second degree murder. Hupp pictured the scene in his home on the evening of January 10 when he discovered Joyce there with Mrs. Hupp. He told how he found Joyce hiding in the attic and how he shot him four times, killing him instantly.

Hupp spent the afternoon on the witness stand revealing his life's history and was interrupted often by his own sobs. Women spectators in the court room wept openly during Hupp's testimony.

"I thought I could live no longer," testified Hupp, after telling of his discovery two years ago of his wife's indiscretions, his subsequent attempt to end his life, his relenting upon the promise of his wife that she would never again be untrue and the prayers of his daughter to spare his wife for her sake. He testified he walked the streets all one night after his discovery, how he broke down and cried night after night for five months and how he finally decided to begin all over again, "only to find two years later that his wife had not kept her promise."

Hupp concluded his testimony late this afternoon and county Prosecutor Doreffer started to cross-examine him shortly before the adjournment of court until tomorrow morning.

NAON WILL RETURN TO WASHINGTON

BUENOS AIRES, March 5.—The decision of Dr. Romulo S. Naon, ambassador to the United States to return to Washington means that the government has approved without reserve everything the ambassador has done and that he will continue with the same policies which he has been following in the attempt to bring the two countries closer together. The Associated Press correspondent is in a position to make this statement as a result of information received from an authoritative source.

This state of affairs, together with several political incidents recently leads to the belief in Buenos Aires that there is no longer any doubt Argentine is assuming a more friendly attitude toward the United States and the entente allies. The correspondent also learns that Dr. Naon is studying with President Alfonsino various projects designed to bring Argentine and the United States into closer relationship with substantial benefits for both countries.

DRYS WIN VICTORIES.

Mont Peller, Vt., March 5.—With women exercising full municipal suffrage for the first time in Vermont "town meeting" day today resulted on the face of unofficial returns, in reducing the number of liquor license communities to eleven as compared with eighteen last year. With all but a few small towns heard from which generally vote "dry" 235 communities voted against the licensed sale of liquor.

Women are credited with turning two of the largest cities in the state, Burlington and St. Albans, from the wet to the dry column.

UKRAINIAN REPUBLIC THANKS GERMANS

Amsterdam, March 5.—Replying to a message from the premier of the Ukrainian republic announcing the entering of the rada's troops in Kiev and expressing thanks for the assistance of the Germans, the German chancellor, Count von Hertling said:

"The German troops are still in your country, but I look forward to hear from you as you believe their work is finished that orders can safely given for their withdrawal."

BIG FIRE AT CANTON, ILL.

Peoria, Ill., March 5.—Fire of unknown origin which started in a bakery at Canton, Ill., tonight destroyed four buildings, causing a loss of estimated at \$150,000. At midnight the fire was believed to be under control. One man suffered a fractured skull in a fall from a ladder. No one was killed as at first reported.

PLEDGE LOYALTY TO U. S.

Chicago, March 5.—Loyalty to the United States and President Wilson was pledged by hundreds of citizens of German birth or descent at a meeting of the friends of German Democracy tonight. Prof. M. F. Meyer of the University of Missouri in a speech assailed the spreading of German propaganda in this country.

ENEMY DRIVEN BACK

London, March 5.—A Turkish official communication received here today says: "On the Palestine front the enemy has been driven back out of Kajar."

BRYAN HEADS NATIONAL DRY FEDERATION

Formation of Biggest Organization in World Opposing Liquor Announced—Every Leading Prohibition Society in Country Represented.

Chicago, March 5.—Formation of a national dry federation, which will be composed of practically every leading prohibition society in the country and will be the biggest organization in the world opposing liquor was announced here tonight.

William Jennings Bryan is president of the organization and active speaking campaigns will be started at once. The three fundamental objects of the organizations are ratification of the national prohibition amendment in the shortest possible time, success of the prohibition campaigns in the six states which vote on the question in November and immediate war prohibition for the avowed purpose of "conserving the man power and resources of the nation."

Included in a long list of governors, senators, representatives and congressmen who are expected to take active part in the work of the organization are Governors Wilkin of Maine and Whitman of New York, Senators Kenyon of Iowa, Borah of Idaho and Shepard of Texas, Representative Webb of North Carolina and Congressman Randall of California, Fess of Ohio, Kelly of Pennsylvania and Sherman of Illinois.

National headquarters of the organization will be in Pittsburgh. Branch offices will be opened immediately in Chicago, Washington and New York and many other bureaus will be established. The federation starts work with more than \$100,000 paid into the treasury and several hundred thousand dollars pledged in addition.

Besides independent prohibition societies, the national trades union prohibition organizations are merged into it and state senator Richard Jones of Minneapolis, president of the national trades union prohibition society, will be one of the active campaigners.

The federation was actually organized in New York a week ago at a private meeting, but announcement of its formation was withheld until Mr. Bryan accepted the presidency. Dr. Charles Scanlon of Pittsburgh, who was appointed by President Taft and President Wilson to represent the United States at international congresses against alcoholism was elected acting president at the New York meeting but now becomes general secretary.

Fifty acres of the Washburn college campus in Topeka are to be put under intensive cultivation this season, in order to help boost the nation's food production.

ELMORE-KNOX SALE
TOTALED OVER \$13,000

Large Stock Sale Held in Ashland Tuesday—Offerings Brought Good Prices—Shackelford-Self Sale At White Hall Totalled \$19,300—Other Sales.

The Elmore-Knox stock sale held in Ashland Tuesday attracted buyers from many cities and good prices prevailed for all offerings. The proceeds of the sale totaled \$13,431.50. Simon Keck of Ashland and Charles Campbell of Petersburg were the auctioneers and A. J. Wyatt of Ashland was the clerk. Some of the buyers and prices are given herewith:

Mules—R. S. Navin, \$495; W. G.

1 WAS somewhat peeved
LAST NIGHT. George got
SENTIMENTAL about my hair
AND I told him that having
NICE HAIR was a duty
BUT THAT having something
UNDER THE hair was in a
MEASURE A privilege
AND I felt myself
IN THE privileged class.
I BELIEVE that men don't
THINK OF anything but a woman's
LOOKS, BUT I thought
GEORGE WAS different.

Yours for beautiful hair,

Herpicide Mary.

Wolliver, \$480; M. A. and S. G. Jones, Springfield, \$435; W. G. Wolliver, \$430; William Henn, \$385; John Hickey, \$375; W. G. Wolliver, \$375; John Daubard, \$365; Simon Keck, \$365; Edward Reichart, \$330; E. Reid, \$345.

Horses—W. A. Baker, \$330; W. W. Robertson, \$330; George Illman, \$240; William Henn, \$385; William McTea, \$330.50; Odis Irwin, \$240; Charles Borington, \$235.
Cattle—D. K. Klein, 19 yearlings at \$58 per head; Simon Keck, 20 yearlings at \$55 per head; J. W. Maurer, four black heifers, \$66.75 per head; W. W. Robertson, cow and calf \$152.50. Devlin Brothers, cow \$105; Simon Keck, bull, \$130.

Shackelford-Self Sale
One of the largest sales held in this section recently was the Shackelford-Self sale which was held near White Hall Tuesday. Buyers were present from adjacent states and good prices prevailed. Eight span of mules averaged \$550 a span. Guy Richards of Louisiana, Mo., purchased 12 head. W. D. Fairbanks also purchased six head. Sink and Smith of Hillview paid \$425 for a span of yearling mules. Horses also brought good prices, the top being \$250 paid for a saddle mare. The sale totaled \$19,300. W. E. Hughes and H. E. Spencer were the auctioneers, and A. E. Knight of White Hall was the clerk.

Cleary.
The sale on the farm of S. P. Cleary five miles west of Jacksonville was well attended Tuesday. Jed Cox was the auctioneer and Charles S. Black clerk. Lunch was served by the Ladies Aid of Mt. Zion and the sale totaled something more than \$4,000. Mr. Cleary has rented out a part of his land and the sale was to take care of surplus stock and implements. Some sales were as follows:

Hogs—Frank Mawson purchased 21 shoats at prices ranging from \$12 to \$15 per head.
Cal Lawson purchased two sows, one at \$70 and one at \$76.
Sam Harris bought three sows, one at \$65 and two at \$70.
Louis Perbix bought three at \$64.50 each.

Cattle—
Cal Lawson bought the following: cow and calf at \$145; cow and calf at \$123; heifer and calf at \$68.
Henry Smith bought seven heifers at \$62 each.

Walter Fearneyhough, 1 cow at \$74.
John Moss, 2 steers at \$94 each.
John Moss, cow \$112.
Walter Fearneyhough, cow, \$88; cow \$81.
John Boddy, bull calf \$75.
Fred Killam, two heifers, \$80 each.

Walter Fearneyhough, two heifers at \$68 each, one at \$53.
Yuba Funk, cow and calf, \$131.
Edward Shibe, cow, \$155.
Yuba Funk, cow, \$130.
Yuba Funk, cow \$165.
Jeff Cleary, cow and calf, \$82.50.
Horses—Jeff Cleary, mare \$117.50.
Charles Campbell, mare \$80.
Louis Perbix, colt \$40.
Douglas Hunt, mare \$137.50.
Henry Smith, sorrel horse \$122.50.
Guy Coultas, span mules \$290.

Ralph Burnett Sale.
Ralph Burnett held a closing out sale at his place north of Franklin Tuesday. Mr. Burnett has sold his farm and expects to remove soon to a farm near Chicago. The proceeds of the sale totaled \$3,800. E. A. Seymour was the auctioneer and B. Sears served as clerk. The ladies of Franklin M. E. church served lunch. Some of the buyers and prices are given herewith:

Horses—Charles Hart, mare \$100.
Silva Covey, mare, \$172.50. Oscar Burnett horse \$190. H. Dahman, horse, \$117.50. George Snyder horse \$95. T. Lukeman horse \$85. Robert Clayton, mare \$155, pair two year old mules \$47.50. Charles Watt, horse \$152.50. John Lukeman two colts \$57.50 and \$40.

Cows—Emma Burnett, cow \$176.
John Bottom cow \$128. George Wood, cow \$138. George Calhoun, cow, \$93.

Hogs—Otto Spires, two sows at \$140. James Bond, twenty head of shoats at \$17 per head.
Corn sold at \$1.10 per bushel.
Raw brought 30 cents per bale and timothy hay sold for 30 cents per bale.

REGISTRATION OF WOMEN TO BE COMPLETED NOW

All Women in Country Who Have Not Registered are Asked to Do So This Week.

The registration of women in Morgan county has been in progress for a number of months past and has in the main been completed. Now the woman's committee of the council of national defense, Illinois division, has issued an appeal asking that the registration be completed by March 9, 1918. Gov. Lowden some time since issued a proclamation asking all women of the state to register and the governor earnestly hopes that every woman in Illinois will respond quickly and loyally to this appeal.

Every woman in Morgan county over 16 years of age is expected to register for service. March 9 is but four days in the future and therefore some active work must be done if this registration is completed as asked. Teachers in the schools of Jacksonville and all over the county have been asked to tell their pupils about the completion of registration so that notice may be taken to relatives at home who are eligible to registration.

The Official Notice.

The call addressed to women of Morgan county and signed by Miss Elson Barnes and Mrs. W. P. Duncan is as follows:

To serve our man, to protect the childhood and the motherhood of our people, we women of Morgan County, Illinois must organize. We must know who we are and what we can do. To organize effectively we must register. We must register as women gladly uniting in volunteer service for an effective second line of defense.

We are at war. Our men are at the battle front. The women of Morgan County are not as yet drawn up in line of battle for war service, ranking as A1, not yet 100%! Other counties in Illinois have higher rank. This must not be.

Every county, town and ward will have its unit of women working for its unit of soldiers. The needs of our men are great, but equally great are the needs of thousands of our little children. Our children must not fight this war. These women's units will see that warmth, food, and shelter are given each child, that no call for industrial service losses to any child its right to education and training and a chance to grow.

That the young girl need not forfeit her possibility of motherhood by being asked to carry industrial burdens beyond her strength.

Thousands of women are working in factories and mills in our state. Woman's labor in factories and mills feeds the cannon in the trenches, woman's labor in shops and stores feeds the homes of Europe. Women's labor clothes our armies. Woman's labor on the farm is of the highest type of service, i. e. producing and conserving. Woman is the help meet of man. It is our privilege, our opportunity to be of use during this war.

Registration cards are to be kept on file in the Public Library for reference at any time. A record of those persons who are willing to serve outside of their own home town will be sent to Chicago; those willing to serve outside of Illinois or abroad will be sent to Washington, D. C.

Every woman in Morgan county must register, even if only to show "who are the lifters and who are the leavers." For then Morgan County knows her women and the women knowing Morgan County thus organized will know best how to gain greater results from Morgan county.

A woman is either on one side of the fence or the other—there is no middle ground, if she thinks there is "it will prove barbed wire." Thus she can register: "yea or nay."

All captains of registration and their registrars are officially ordered to hold present office until the end of

the war. Select your most tactful registrars to reach those who are seemingly unwilling to register. Cordially and wisely instruct and convert (as a home missionary would do) then register and send in cards and fees by March 9, 1918.

If they refuse, send in names, addresses and reasons for refusal. Thus your assigned part of Morgan County can be fully registered.

Morgan County must be on the "Roll of Honor."

The Woman's Registration must be complete by March 9, 1918. All cards and fees turned in the new Chairman of Registration for Morgan County, Mrs. W. P. Duncan 356 East State Street, Jacksonville, Illinois. Ill. phone 995. Bell phone 327.

Thanking you in advance for the completion of your valuable and patriotic service,

Your Co-workers,

Elson Barnes (Miss)
Florence T. Duncan, (Mrs. W. P.)

WESTMINSTER TRUSTEES
OPPOSE COLLEGE AVE. PAVING

At a recent meeting the trustees of Westminster church voted unanimously to file objection to the proposed paving of West College avenue at this time. It was the sentiment of the trustees that the street should be improved but that the work should be deferred until a more favorable time. J. A. Ayers as president of the board was directed to attend the public hearing and make known the request of the board.

ANNOUNCEMENT.

I respectfully announce my candidacy for highway commissioner in Road District No. 9, subject to the decision of the voters of said District at the election Tuesday, April 2. George Wood, Sr.

ANNOUNCEMENT

J. W. McAllister of Woodson hereby announces his candidacy for Road District Clerk subject to the will of the voters at the election April 2nd.

WOMAN'S DANGER PERIOD

The period between forty-five and fifty-five years of age is said to be a crisis or danger period in a woman's life which tests her for her fitness to continue in the race. It is then that she suffers from such annoying symptoms as heat-flashes, nervousness, headaches, "the blues," or dread of impending evil, or some dormant disease in the system becomes active. When a woman is passing through this crisis there is one tried and true remedy, Lydia E. Pinkham's Vegetable Compound, which after forty years of success is now considered the standard remedy for woman's ailments.—Adv.

An invitation to men who farm

THERE isn't any class of people who are considered more hospitable than you men on the farm.

When we invite you to come here to see our Hart Schaffner & Marx Spring clothes, we have that in mind. We want to make you feel as welcome as you do the people who come to see you.

It isn't an idea to get you here just to sell you something. There's a bigger idea. We want to serve you. We earnestly believe we can save money for you on clothes and we want to show you how.

The clothes we have here are made in your interest by the greatest of all clothes makers. They're all-wool; right in style, fit and price. There are sizes, styles and patterns here for every taste and every figure.

Next time you're in town come in and see them. We're as glad to "show" the goods as we are to "sell" them.

A Move for Lower Expense

On August 10th, 1917, we acquired an interest in the firm of Jolly & Co., Odd Fellows Building, East State Street. On or about March 1st this concern will occupy a portion of our store at 231 E. State. We will have here 8000 feet of floor space.

The firm of Jolly & Company will continue as an independent concern. The "Arcade" will continue also.

The two stocks under one roof will offer you the best "BARGAIN" Stock in Jacksonville. The economy of this arrangement is plain. These are WAR DAYS. Saving is and will be the slogan for some time. We are trying to do business at the lowest cost. It means a saving to us—a saving to you.

During the next ten days both stores will offer many bargains—goods that this change make it unnecessary to carry in both stocks.

FRANK DOBER AGAIN RESIDENT OF CONCORD

Has Leased M. O. Mathews' Farm—
Last Number of Lecture Course
Given—Other News Notes.

Concord, March 5.—The last number of the lecture course was given at the M. E. church on Monday night to a large audience. The entertainment consisted of music and readings by the Metropolitan Entertainment Co. The committee on arrangements for next year are as follows: W. H. Williamson, Daniel Deitrick, C. E. Rexroat, George Johnson, and Bert Way.

Frank Dober unloaded his car of household goods here on Friday and assisted by some of his new neighbors moved them to the M. O. Mathews farm residence which he is to occupy for a term of years. Mr. Dober lived with Mr. Mathews during his youth and so he is not a stranger to this locality. For some

Why I Believe in Nuxated Iron

As a Tonic, Strength and Blood
Builder

By E. Sauer, M. D.

Probably no remedy has ever met with such phenomenal success as Nuxated Iron. It is conservatively estimated that over three million people annually are taking it in this country alone. It has been highly endorsed and used by former United States Senators and Members of Congress; Physicians who have been connected with well-known hospitals have prescribed and recommended it; Monseigneur Nannini, a prominent Clergyman recommends it to all. Former Health Commissioner Wm. R. Kerr, of Chicago, says it ought to be used in every hospital and prescribed by every physician.

Dr. A. J. Newman, late Police Surgeon of the City of Chicago, and former House Surgeon Jefferson Park Hospital, Chicago, says Nuxated Iron has proven through his own tests of it to excel any preparation he has ever used for creating red blood, building up the nerves, strengthening the muscles and correcting digestive disorders.

Dr. James Francis Sullivan, formerly physician of Bellevue Hospital (Outpatient Dept.) New York, and the Westchester County Hospital says there are thousands of men and women who need strength and blood builder but do not know what to take. In his opinion there is nothing better than organic iron—Nuxated Iron—for enriching the blood and helping to increase the strength and endurance of men and women who burn out so rapidly their nervous energy in the strenuous strain of the great business competition of the day.

If you are not strong or well you owe it to yourself to make the following test: See how long you can work or how far you can walk without becoming tired. Next take two five-grain tablets of Nuxated Iron three times per day after meals for two weeks. Then test your strength again and see how much you have gained.

Note—Nuxated Iron, which has been used by former members of the United States Senate and House of Representatives, and other prominent people with such surprising results, and which is prescribed and recommended above by physicians is not a secret remedy, but one which is well known to druggists everywhere. Unlike the older inorganic iron products, it is easily assimilated, does not injure the teeth, make them black nor upset the stomach. The manufacturers guarantee successful and entirely satisfactory results to every purchaser or they will refund your money. It is dispensed by Lilly-Davis Drug Co., Armstrong & Armstrong, Gilbert's Pharmacy, J. A. Obermeyer & Son, and by all good druggists.

years he has been living in Missouri but has concluded to try "old Morgan" once more. Mrs. Dober will come soon.

Pete McDannald moved last week to Chapin, into the house vacated by Mr. Simpson who moved to the Hann house.

A. J. Wheeler unloaded a car of his furniture and machinery on Friday and stored the goods until he can get his house on the farm near Pleasant View. T. N. Bowe is making preparations to move to the Greene county farm vacated by A. J. Wheeler.

Mrs. G. W. Rentschler is improving after an illness of some days. Her daughter Mrs. G. E. Houston, of the Joy Prairie station neighborhood, came to see her on Sunday, also other relatives spent the day there.

Taylor Alderson, a soldier stationed at Camp Taylor, is expected home soon on a leave of absence.

Miss Minnie Kuffer visited in Beardstown last week.

Since all women over 16 years of age must register, those who have not yet done so will register at the post office Friday, March 8th., from 9 a. m. to 4 p. m.

Mr. Crouse, of Joy Prairie is to occupy the Behler house in South Concord which was vacated on Friday by C. A. Gray, who moved to the McKinney farm east of Chapin.

A small freight wreck in the Burlington yards took place some time early Friday morning in which a big engine lost its headlight, and a caboose was damaged at the rear end.

The 160 acre farm in the extreme south west corner of township 16-R-11, is now the property of J. M. and R. E. Fox, ex. car. having purchased about 1850, from a Mr. Kirkpatrick by Silas Henderson, Sr., and it has been in the Henderson-Alderson families ever since, or 67 years.

W. F. Nergenh shipped one car of cattle and one car of hogs to E. St. Louis recently.

A G. Brockhouse shipped three loads of hogs to E. St. Louis for Monday's market.

The revival meetings at the M. E. church close tonight. It is said the new members number 27.

A J. Wheeler and wife came up from White Hall on Monday by rail. The horses were brought overland.

SINCLAIR

Lee and Lawrence Means went to Peoria last Tuesday where they enlisted in the U. S. Navy.

Miss Anna Moody is visiting her brother, Earl at Seelyville.

Mrs. Lulla McDaniell is spending the week end with her father, Joseph Bingham.

Mrs. N. T. Fox entertained the Woman's Foreign Missionary society Tuesday. All were invited.

Robert Hopper has moved to the Cully farm recently purchased. Newton Wilson has leased the Hopper farm.

James Cavanaugh has rented his farm to John Tubbs.

Mrs. M. Zachary was called to Peoria by the sudden death of her father, Albert Mains.

David Evans is taking surgical treatment from a specialist in Peoria.

James Mahan shipped two loads of hogs to St. Louis the past week.

Major Maupin, V. S., is home on a furlough from Camp Taylor. He reports plenty of victuals of good quality there.

Robert Hopper received a car load of cows for dairy purposes.

Garnett Rodgson, Mary Louise Fox and Alice Louise Hart are convalescing from a sick spell.

W. S. Hatcher and wife of Salina county, are visiting their daughter, Mrs. Roy Higginson.

E. E. Fox is using a father brush that he used when he first began to shave 50 years ago. It is made of badger hair and is in good condition, tho worn.

Lester Martin, Gordon Jumper and Ulysses Fox are visiting the soldier boys at Camp Taylor, Ky.

Charles Curtis has resumed his huckster route from "Strawn's."

John E. Hall of Meredosia was among visitors in Jacksonville yesterday.

Austin King of Murrayville spent Tuesday in Jacksonville on business.

UGH! ACID STOMACH, SOURNESS, HEARTBURN, GAS OR INDIGESTION

The Moment "Pape's Diapiesin"
Reaches the Stomach All
Distress Goes

Do some foods you eat hit back—taste good, but work badly; ferment into acids and cause a sick, sour, gassy stomach? Now, Mr. or Mrs. Dyspeptic, jot this down: Pape's Diapiesin helps neutralize the excessive acids in the stomach so your food won't sour and upset you. There never was anything so safely quick, so certainly effective. No difference how badly your stomach is upset you usually get happy relief in five minutes, but what pleases you most is that it helps to regulate your stomach so you can eat your favorite foods without fear.

Most remedies give you relief sometimes—they are slow, but not sure. "Pape's Diapiesin" is positive in neutralizing the acidity, so the misery won't come back very quickly.

You feel different as soon as "Pape's Diapiesin" comes in contact with the stomach—distress just vanishes—your stomach gets sweet, no gases, no belching, no eructations of undigested food, your head clears and you feel fine.

Go now, make the best investment you ever made, by getting a large fifty cents case of Pape's Diapiesin from any drug store. You realize in five minutes how needless it is to suffer from indigestion, dyspepsia, or any stomach disorder, due to acid fermentation.

DISTRICT BOARD ACTS ON TWO APPEALED CASES

Classification Given for Ralph Goltra and Henry Farmer—Laborer Wanted for Ordnance Department.

The local exemption board Tuesday received a statement from the district board at Springfield making final orders in the case of two appeals. One was that of Ralph M. Goltra, 302 East Michigan avenue. One claim was based upon the dependency of his wife and the other upon agricultural grounds. The local board had placed Mr. Goltra in Class 1 J, and the district board affirmed this decision as to the dependency claim but placed him in class four on agricultural grounds.

In the case of Henry Farmer of Prentice claims were made on account of dependency and agriculture. The district board affirmed the decision of the local board as to dependency and denied the agricultural claim, thus placing Mr. Farmer in Class 1 A.

The board has received notice that one laborer for the ordnance department at Ft. Oglethorpe, Ga., is desired from this district. The call is for 350 men. A good position at general work is thus open to any able-bodied man in Class 1.

LOYAL DAUGHTERS OF FRANKLIN CHURCH MET

Christian Church Organization Entertained at Home of Miss Kamille Wright—Other Franklin News.

Franklin, March 5.—Mrs. J. L. Miller of Chicago and Miss Vivienne Reinbach of Springfield returned home Sunday after a few days' visit with their sister Mrs. A. L. Lukeman, and other relatives and friends.

Mrs. Geo. Wyatt of Springfield came down Sunday to attend the funeral of Dr. J. M. Elder.

Mr. and Mrs. Harry Kirby of Beardstown visited over Sunday with B. F. Morris and wife.

Miss Kamille Wright entertained the "Loyal Daughters" of the Christian church at her home Monday evening. After the business session a social hour was enjoyed and refreshments were served by the hostess.

Misses Winifred Keplinger and Ruth Tulpin of I. W. C. spent Sunday with home folks.

Miss Lola Austin is visiting Mrs. Harry Kirby in Beardstown.

DAVIS SWITCH

Mr. and Mrs. Porter Bell entertained at dinner Sunday. Mr. and Mrs. J. S. Butler and children, Mr. and Mrs. Samuel Butler, Mr. and Mrs. Thomas Butler, Mr. and Mrs. Otto Grummett and children and B. F. Reece of Jacksonville.

William Paul transacted business in Carlville last week, returning home Sunday.

Otto Grummett made a flying trip to Girard recently on business.

Mrs. P. J. Woulfe has gone to Peoria to visit her daughter.

Mrs. John Virgin and children spent Sunday afternoon with Mrs. Claude Winter.

P. J. Woulfe expects to return home from the Hot Springs where he has been for some time. Mr. Woulfe says he is much improved in health.

Mrs. J. H. Cain has been on the sick list the past week.

J. H. Cain spent several days recently at the bedside of J. Smith Taylor, who died Wednesday and was buried on Friday.

YATESVILLE

Mrs. Carroll Robinson gave a birthday dinner Sunday for Carroll Robinson. Those present were Mr. John Stice and family, M. C. Stice, wife and baby, Mrs. Sarah Browne, Mr. Harrison Robinson and family from near Berea.

Ed Pearson and family from near Berlin called on friends here Sunday.

Ollie Moore and wife visited at Alton a few days last week with Mr. Moore's parents.

Golda Tignor who was operated on for appendicitis last week in Jacksonville is doing nicely.

Mrs. Henry Means is visiting a few days with her sister, Mrs. Wm. Smith near Sinclair.

Mrs. Word has her nephew from Kentucky here visiting her, Mr. Bunch.

Mrs. Rhoda Broomfield and children are visiting her parents here, Mr. and Mrs. Martin Robinson.

Lester Means from Sinclair was in our place Monday on business.

Hulda Parrott is visiting Mrs. Rhinda Harris for a few days near Alexander.

MERRITI

Some of the farmers are beginning to talk oat sowing.

Mr. and Mrs. E. B. Chrisman were Jacksonville visitors Monday.

Mr. and Mrs. J. N. Peters were Jacksonville visitors last Saturday.

Norman Campbell attended a district school of Masonic instruction at Springfield last week.

Miss Mary Berry was a Chapin visitor Friday of last week.

Mr. and Mrs. Oda Owens were Jacksonville visitors Saturday.

W. L. Moore moved to McLaughlin's farm south of Winchester last Saturday.

Henry Korty who recently purchased the Henry Hill farm, moved there last Saturday. We are glad to have Mr. and Mrs. Korty in our midst again.

Mr. Serat moved to the Madden farm last week.

Mr. Fearneyhough shipped a load of hogs from here Monday evening. Jim Lazenby of Point neighborhood was transacting business here last Saturday.

Oscar Breyer was a Chapin visitor or last Friday.

NEW CLERK AT
ANDRE & ANDRE'S
James Pyatt has been added to the force at the store of Andre & Andre and began his duties there a day or two ago. Mr. Pyatt is a popular young man and will be a valuable addition to the selling force at the store in which he is engaged.

NORTHMINSTER CHURCH OFFICIAL BOARD MEETS

Held Monday Evening At Home of E. M. Vasconcellos—Nomination of Officers for Ensuing Year Made.

The official board of Northminster church met Monday evening at the home of E. M. Vasconcellos with a good attendance. Rev. W. E. Spoonits presided and announced the first object of the meeting to be the nomination of officers for the ensuing year. The following is the list named:

Elders—E. M. Vasconcellos, Vincent Vieira, Alfred Souza and J. F. Mendonsa.

Deacons—Henry DeFrates and Cal Vieira.

Trustees—John G. Goveia, H. H. Vasconcellos.

All succeed themselves except Cal Vieira who was named in place of Fred Goes who has gone to Chicago, and Vincent Vieira who succeeds Joseph Smith who has been made elder emeritus.

Wednesday, March 27th, has been designated as the time for a general supper and jubilee over the payment of the church debt. The brethren are expected to furnish the provender and the ladies will prepare it. It is intended to make a bonfire of the redeemed notes, paid bills and the like and have a general good time.

Some time in May it is intended to have a grand jubilee when the 68th anniversary of the founding of the church will be celebrated with due ceremonies and a general program befitting the occasion and a committee of 68 persons will be appointed, each of whom will be expected to bring a new member to the church.

MORRIS WOODS VISITS WAVERLY RELATIVES

Young Man Comes from Columbia, S. C., to Spend Furlough With Parents—Other Waverly News Notes.

Waverly, Ill., March 5.—Morris Woods who is stationed at Columbia, S. C., arrived home Monday for a visit with his parents, Mr. and Mrs. Frank Woods.

Mr. and Mrs. Charles Masters and children of Murrayville are visiting at the home of the former's parents Mr. and Mrs. Joseph Masters.

Mr. and Mrs. Ralph DeLong of Nortonville spent Sunday visiting relatives here.

Mrs. P. B. Tulpin and daughter, Alberta are visiting at the home of the former's mother, Mrs. William Grant in Jacksonville.

Carl Ballard of White Hall is spending a few days at the home of Rev. and Mrs. M. S. Metzler.

Lester Parkinson who has been visiting friends in Jacksonville returned home Monday.

When you want good garden seed and garden tools go to Brady Bros. Everything the best; prices right, too.

VINOL MADE THIS RUN DOWN WOMAN STRONG

Her Signed Letter Proves This.
Read It.

Keene, N. H.—"I was all run down, had no strength, no appetite and a bad cough, so that a good deal of the time I was unfit for work. My druggist told me about Vinol. I took it, and my cough soon disappeared, my appetite improved and I am strong and well again."—Mrs. Irene Davis, 50 Russell St., Keene, N. H.

Vinol is a constitutional cod liver and iron remedy which creates an appetite, aids digestion, enriches the blood, and in this natural manner creates strength. We guarantee it. For sale by all druggists.—Adv.

LEGS STIFF? JOINTS AND MUSCLES ACHE?

Linger Up! Rub Any Kind of Pain, Soreness, Stiffness Right Out with "St. Jacobs Liniment"

Don't stay sore, stiff and lame! Linger up! Rub soothing, penetrating "St. Jacobs Liniment" right in your aching muscles, joints and painful nerves. It's the quickest, surest pain relief on earth. It is absolutely harmless and doesn't burn the skin. "St. Jacobs Liniment" conquers pain. It instantly takes away any ache, soreness and stiffness in the head, neck, shoulders, back, legs, arms, fingers or any part of the body—nothing like it. You simply pour a little in your hand and rub where it hurts, and relief comes instantly. Don't stifle crippled! Get a small trial bottle now from any drug store. It never disappoints—six gold medal awards.—Adv.

STOMACH MISERY

Get Rid of That Sourness, Gas and Indigestion

When your stomach is out of order or run down, your food doesn't digest. It ferments in your stomach and forms gas which causes sourness, heartburn, foul breath, pain at pit of stomach and many other miserable symptoms.

Mi-o-na stomach tablets will give joyful relief in five minutes; if taken regularly for two weeks they will turn your flabby, sour, tired out stomach into a sweet, energetic, perfect working one.

You can't be very strong and vigorous if your food only half digests. Your appetite will go and nausea, dizziness, biliousness, nervousness, sick headache and constipation will follow.

Mi-o-na stomach tablets are small and easy to swallow and are guaranteed to banish indigestion and any or all of the above symptoms or money back. For sale by Coover & Shreve's drug store and all leading druggists.—Adv.

USED CAR SALES SHOW

St. Louis, March 11 to 16

Exhibit Building

(Formerly Southern Hotel)

Cor. Broadway and Walnut St.

Hundreds of Excellent Used Cars will be shown for sale at record-breaking low prices. Many of them have been run but a few thousand miles and are practically as good as new.

Used and Rebuilt Cars at Low Prices

Severe weather having curtailed the usual winter sales, dealers' stocks offer unusual selections and bargains.

New cars have increased 25 to 35 per cent during the past year, owing to higher costs of materials, labor, etc.

All cars have been put in good mechanical condition, and approved by an official inspector before being shown.

This means that the cars built before the recent increases offer exceptionally big values—many cars being priced at one-fourth to one-half of present prices.

Most of them have been repainted, making them look just like new cars.

Courteous salesmen on hand to furnish all information desired.

This is YOUR CHANCE to get a good car—at a surprisingly low price. Be sure to come.

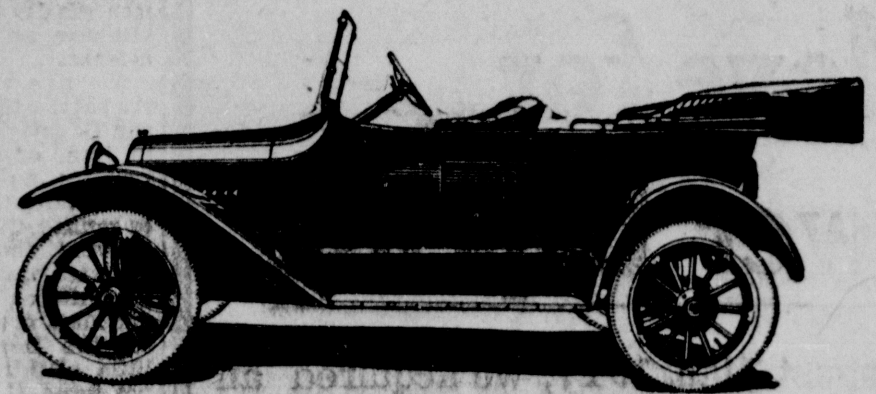

Under auspices of St. Louis Automobile Manufacturers' and Dealers' Association.

CHEVROLET

(Say Chev-Ro-Lay!)

VALVE-IN-HEAD MOTOR CAR

The only fully electrically equipped car in the world at the price, which is a value thought impossible by all manufacturers and is only made possible by the fact of perfect sales and factory organization which has produced the maximum volume at the minimum cost.

Every motor made, according to the advertisements you read, is practically perfect. Every one seems to be the most efficient, the most luxurious, biggest value, etc. In fact, adjectives as applied to motor cars in advertising have lost their worth. We wish to appeal to you, our reader, if possible, in a straightforward, plain talk right from the shoulder.

The Chevrolet model is a good looking car. It is well built of good material by a reliable concern, one of the largest in the world. It has easy riding qualities, extra strong rear axle construction, high grade transmission, a remarkable motor. It is very economical in the use of oil and gasoline, making the cost of up-keep very little. Our best recommendation is the large number of satisfied users.

We wish the opportunity of proving the facts to you in person, and earnestly request you to visit us and give careful attention to details as explained by our—

BLACK JACK

**Grandpa Is
Sixty-four
Today**

and in the best of health. Hale and hearty, with good, red
blood, good appetite and good digestion. Grandpa's nerves
are steady, too. He takes care of himself. He keeps himself fit. He
eats to it that his nerves and blood
are in good shape. When he finds
that he is eating without relish, feel-
ing a little depressed and cross,
sleepy all day yet can not sleep at
night, he begins his treatment of
Bio-feren, the nerve and blood tonic.
Bio-feren, a compound of Lecithin,
Iron Peptonate and other valuable
tonic elements in tablet form, is just
exactly what the average tired busi-
ness man, the average housekeeper
needs at this season of the year. It

tones the nerves and puts vigor and
energy into the system.
There is no mystery about Bio-
feren. Every package shows just
exactly the content. Ask your doc-
tor about Bio-feren, or, if you wish,
send us his name and we will for-
ward him the complete formula.
Give Bio-feren a fair trial. If it
doesn't make good your money will be
pleasantly returned to you. Inter-
esting booklet will be mailed you on
request.
Large package \$1.00 at all good
drug stores or direct. If your druggist
don't handle it. The Sennel Rem-
edies Co., Cincinnati, Ohio.

W. F. M. S. OF MEREDOSA TO MEET TODAY

Mrs. C. W. McLain to be Hostess at
Regular Session—Easley Funeral
Sunday—Other Interesting News
Items from Mercedosa Neighbor-
hood.

Meredosa, March 5.—Harry Rat-
igan of Exeter was the guest of Miss
Edith Bennett Sunday.

Harry Beerup spent Sunday with
friends at Pearl.

Edith Bernice, the little 3 1-2
years old daughter of Mr. and Mrs.
John Easley, took ill Friday of spinal
meningitis and died Saturday. The
funeral was held from the home of
Mr. and Mrs. U. J. Floyd Sunday af-
ternoon. Rev. D. L. Jeffers, pastor
of the Methodist church officiating.
The singing was rendered by Mrs.
W. G. Looman and Mrs. J. L. Mc-
Lain with Miss Nellie Waldo accom-
panist. The bearers were Priscilla
Summers, Erma Rausch, Myrtle
Hyatt and Mabel Oettle. Interment
took place in Oakland cemetery.

Mrs. Sam Newman of Kampsville
attended the funeral of Edith Ber-
nice Easley here Sunday.

Granville Floyd and family have
moved to New Berlin to reside.

John Bauser of Kampsville was a
visitor here Sunday.

Mr. and Mrs. W. D. Cody of Jack-
sonville visited Mr. Cody's mother,
Mrs. Mary Cody and family Sunday.

Mrs. Mary Elder of Hadley was the
guest of her parents, Mr. and
Mrs. James Easley Sunday and Mon-
day.

Mr. and Mrs. Ben Smith have re-
ceived notice of their son, Jimmie's
arrival in France and Irvin's sailing
for England.

Miss Gladys Goodin of St. Louis
visited Mr. and Mrs. T. B. Dudhope
Sunday.

Miss Retta Carson of Seymour,
Ia., who has been visiting Mrs. J.
F. Brockhouse returned to her home
Monday.

Mr. and Mrs. Charles Winningham
returned home Sunday from a visit
with their children in Springfield.

S. G. Chumley of Jacksonville was a
business visitor here Saturday.

Grover Booley and family will
move this week to a farm near Jack-
sonville.

Archie Battelfield and family will
move this week from a farm near
Arenzville to the Galaway farm late-
ly occupied by John Goffnet and fam-
ily.

Leslie Tomlinson of Jacksonville
was the guest of Mr. and Mrs. T.
B. Dudhope Saturday.

Miss Mabel Delinder was a Jack-
sonville visitor Saturday.

Mrs. Wright Ham and daughter
and Mrs. Mary Morris visited friends
in Bluffs Saturday.

Douglas Allen and family of Ver-
sailles visited Mrs. Jane Floyd Sat-
urday.

Mr. and Mrs. Isaac Nunes left this
week for their farm near Manches-
ter.

Mrs. Howard Rhodes of Pittsfield
is visiting her parents, Mr. and Mrs.
Frank Unland.

Harold McLain spent Sunday with
friends in Jacksonville.

Mrs. J. F. Yeck was a Jack-
sonville visitor Saturday.

Henry Duescher of Jacksonville
visited relatives here Friday.

Ed Rice of Ft. Snelling, Minn.,
arrived home Sunday on a furlough
of five days. He will return Thurs-
day. He enlisted in the service nine
months ago and this is his first visit
home.

Wm. Naylor of Jacksonville was the
guest of his sister, Mrs. J. L.
McLain Friday.

George Smith and family moved
this week to a farm northwest of
Mt. Sterling.

Mrs. George Baber and daughter
of Pekin are visiting this week with
Mrs. Nellie Summers and family.

Mrs. Harry Beerup and daughter
Clara arrived home Saturday from
a week's visit with relatives at Alex-
ander.

F. W. Brockhouse will move his
household goods to Jacksonville next
week where they will reside. Mr.
Brockhouse has assumed his duties
as assistant county clerk in that
city.

The H. F. Mehl Excursion Co. have
had their steamer Columbia rebuilt

at Mound City, Ill., replacing a new
hull covered entirely of steel which
will be placed in commission in May.
The heavy traffic of the past seven
years was an encouragement for the
management to provide additional
facilities to care for an increasing
business. With this in mind, "The
Summer Girl" a barge has been pur-
chased to operate in conjunction with
the New Columbia, which will afford
a capacity of 2,000 people.

Bennis Easley of Kampsville at-
tended the funeral of his sister,
Edith Bernice here Sunday.

L. F. Berger has purchased a new
Overland motor truck to be used in
the handling of eggs and poultry in
connection with his store.

District Supt. Flannigan preached
at the Methodist church Sunday eve-
ning, holding the quarterly confer-
ence in the afternoon. This is his
first sermon delivered here for the
conference year and was much en-
joyed by those present.

presenting a Chicago manufacturing
establishment of automobile supplies
called on Wheeler & Sorrells at the
Modern Garage yesterday.

FUNERAL SERVICES FOR FRED LINDSAY

Were Held from the M. E. Church—
Little Daughter of Mr and Mrs.
George Batley Dies.

Bluffs, March 5.—The funeral of
Fred Lindsay, who died Sunday at
the home of his sister, Mrs. Gene-
vieve Wilson of Versailles after an
illness of two months, was held at
the M. E. church of this place Tues-
day at 10 o'clock the Rev. P. J. Rin-
hart officiating. Deceased was aged
46 years and 11 months. His wife
whose maiden name was Addie Bat-
ley preceded him in death four years
ago. Two daughters, Mary and
Ruth survive. The bearers were
Messrs. Herman, Rollie and Lewis
Wilson, Ed Hedrick, V. V. Perry
and Henry Davis relatives and
friends of the deceased, who ac-
companied the remains from Ver-
sailles. The music was furnished by
Messdames Newton Beavers, Dean
Wildie, Miss Ethel McCaleb Newton
Beavers and Ralph Moore. Burial
took place at the Green cemetery.

The out of town attendants were
Mr. and Mrs. James Perry, Mrs. O.
A. Jones, Mt. Sterling; V. V. Perry,
Rollie, Herman and Lewis Wilson,
Henry Davis, Versailles; Mr. and
Mrs. Edward Celig, Springfield;
Robert Hart, Mrs. Cecil Lee and
daughter, Jacksonville; Lewis and
Edward Hedrick, Mt. Sterling.

The three year old daughter,
Emma Ruth, of Mr. and Mrs. George
Batley, residing southwest of town,
died at 12:30 Tuesday after an ill-
ness of 8 days of scarlet fever. Be-
sides her parents, she is survived by
4 brothers and 4 sisters. One brother
preceded her in death. Funeral ar-
rangements have not been made.

Miles Standish of the region of
Sinclair visited the city yesterday.

MAKE YOUR STOMACH
YOUR BEST FRIEND

Stuart's Dyspepsia Tablets Digest the
Food, Prevent Sourness and
Make You Feel Fine
All Over

If you feel any distress after eat-
ing take a Stuart's Dyspepsia Tab-
let. You will then have a good,
steady friend in your stomach. For
no matter what you eat there will
be no gas, no sour risings, no lump
in your throat, no biliousness, no
dark brown taste in the morning,
and should you now be troubled,
eat a tablet as soon as possible and
relief will come promptly. These
tablets correct at once the faults of
a weak or overworked stomach, they
do the work while the stomach rests
and recovers itself. Particularly ef-
fective are they for banquets and
those whose environment brings
them in contact with the rich food
most apt to cause stomach derange-
ment. Relief in these cases always
brings the glad smile. Get a box of
Stuart's Dyspepsia Tablets, 50
cents in any drug store. Be good to
your stomach.—Adv.

We Have a Few Farms

We can sell and give possession this March, 1918. Come

TRACTORS AND PLOWS
AVERY
MAJOR CHESEBROT

The New Baby Tractor

THIS SMALL TRACTOR

IT WILL PULL—

is designed for all around use on any small
farm. The draw bar pull is equal to that
of three 1400 pound draft horses. It will
accomplish as much work in a day as four
horses. It has a special hitch so you may
use your old horse-drawn gang.

Two 12-inch plows, 6 inches deep in ordi-
nary plowing; An 8-ft. disc harrow; A 3-
section drag harrow; A 7-12 grain drill;
An 8-ft. binder; A large road drag; A load-
ed farm wagon; A manure spreader; Or
any ordinary three to four horse load.

**WHY KILL THE HORSE WHEN YOU CAN USE A MOTOR?
SEE OUR NEW MOTOR CULTIVATOR**

Think of starting out for a day's corn plowing the old way, three horses for a two-row,
or four horses for two single rows and two men. Get up early at 4 a. m., feed the
horses, curry them, clean the stable, get breakfast, go out and harness the teams, take
them out to water and hitch up to plow. Four to five acres per plow single and eight
to nine with a two-row. The horses need a rest, especially on hot days. Quit at sun-
down and put up your team and get supper at 9 p. m. I have done it and I know. How
do you feel? Not like going to a show, you know.

Come in and see the right way. Get up, wash, get breakfast, get on the motor cultiva-
tor and plow eighteen acres. Quit at 6 p. m. and go to town happy. We wish to show
you this wonderful tool in operation. A tool that means a great deal to all the farm-
ers, one that has proven its worth and is an admitted great success. The first one
built tended sixty-five acres in 1916, and is in fine running order ready for its third year
of service. It is easy to handle, it is so constructed that you can remove the cultiva-
tor gangs and attach a drag harrow, disc, roller, or corn planter.

GARFIELD BIG ENOUGH FOR FUEL ADMINISTRATOR

INDEPENDENT DECLARES EXPERIENCE QUALIFIED HIM FOR POST

Review of Work Indicates That Much Unjust Criticism Has Been Levelled Against Him—If Transportation Questions are Solved Fuel Troubles Will Not Bother America.

The Independent in the current issue has an extended article on Dr. Garfield and the fuel administration. The Independent handles government affairs in an unbiassed way and the editors think that anything in the course of the administration justifies criticism or can be improved by such a course.

It is interesting in the present instance to find that the Independent believes that Dr. Garfield was fitted for the "big job" that was given him as fuel administrator, and furthermore that he has handled the vexing problems in a way that gives assurance that the worst days are past and that neither private consumers nor business enterprises are to meet during remaining months of the year the serious troubles that were encountered the past winter. The Independent's article is as follows:

"President Wilson is of course to blame," says the editor of the Metropolitan Magazine. "It was he who appointed Mr. Garfield Fuel Administrator, knowing well that Mr. Garfield had no knowledge of coal mining or coal distribution, and no executive experience whatever."

What are the facts? In 1901, Mr. Garfield became manager of a Cleveland syndicate that developed the coal mines in the Piney Fork district of Ohio, built a railroad from these mines to a Lake Erie port, and finally sold the properties to the Lake Shore and Michigan Southern Company, at whose request Mr. Garfield remained a director and vice president of the mining company.

He was president of the Cleveland Chamber of Commerce in 1898, was a member of its executive committee for several years, and as chairman of its building committee conducted the construction of its present building.

He helped to organize the Cleve-

land Trust Company, which has been successful as one of the most ably managed financial institutions of Cleveland. He was one of its directors, its vice president, its counsel, and a member of its executive committee from the time of its organization, until he retired from practice as a lawyer in November, 1903.

During his years of practice he had sole charge of an estate that had interests in Lake Michigan iron mines, in a shipbuilding firm, in real estate and in various business companies.

A Man of Business Experience. He took part in the reorganization of the Conneaut Water Company which he helped to save from financial shipwreck and to put in the way of its present success. He assisted in forming the Citizens' Association of Cleveland, which freed the city from the control of an ancient gang of corruptionists. He was for eleven years chairman of the national committee for the reform of our consular service—a committee composed of representatives of various chambers of commerce and boards of trade.

After sixteen years of practice as a lawyer, he became a member of the faculty of Princeton University, in 1904. A few years later he was elected president of Williams College, where he has been successful in directing its business interests as well as its educational activities.

This is the man whom the editor of the Metropolitan Magazine accuses of having had "no knowledge of coal mining or coal distribution and no executive experience whatever." It seems incredible that the editor of a national magazine could make such a statement in innocent ignorance of the facts. It is even more incredible that he could be guilty of falsifying, for the purpose of weakening the faith of the readers of his magazine in the war measures of his Government, the most incredible of all, other magazine editors, scores of newspaper editors, and numerous citizens have repeated the same falsehood when the feeblest inquiry into the facts would have convinced them that Mr. Garfield was a man of business experience in all sorts of commercial and financial undertakings, including the mining of coal and its transportation.

The same ill-informed critics of Mr. Garfield's personal record have been voluble in condemnation of his record as a fuel administrator. And here again the facts are easily learned.

Coal Problem Apparently Solved.

In the week immediately preceding his appointment, the output of bituminous coal had fallen to the lowest point of the year. From that time until the beginning of December, it rose continuously, with slight recessions, until the total production for the period was considerably greater than it had been for the same period of the previous year. The coal problem has apparently been solved. But a transportation problem had developed.

Beginning with December 8, bad weather tied up the railroad lines. They had been struggling with a freight congestion. They were short of locomotives because of the demands that had been made upon them for a supply of locomotives abroad. They were overburdened with the appalling increase of goods for the season. Our foreign commerce having leaped from two billion dollars a year to nine billions a year. Our docking facilities were inadequate. Loaded cars were filling the seaboard terminals. They were filling the sidings on all the eastern lines, half way to Chicago. And of these cars one-half were loaded with coal.

It followed that there were not enough empty coal cars to supply the mines. The output of coal slowed down to wait for the cars. And the output of steel and steel products slowed down for want of coal. From the first of December to the middle

of January shipments of steel plates fell nearly fifty per cent. Projectile steel fell nearly forty five per cent. "The plotted curves of weekly shipments of all steel products," Mr. Garfield says, "looked like a cubist picture of Niagara Falls." There was not enough coal to supply the ships in the harbors; therefore they could not move the goods accumulated at the wharves. There was not enough coal to supply the cities, and the poor were freezing in their homes. Mr. Garfield's order for a closing down of business and industry on Mondays was not an order designed to save coal, but to relieve the railroad congestion and clear coal for the ships and the households.

Order Was Successful. Within twelve days, 480 ships carrying two millions tons of food, fuel, munitions and other war supplies were bunkered and sent from our ports. The flow of supplies to our army was restored. The empty coal cars were started back to the mines. And instead of allowing the congestion of traffic and the consequent shortage of coal to cripple our most necessary industries, a general closing of all industries, except the most vital ones, saved our people from killing hardships and removed the stoppage in the stream of traffic.

The critics who compute the value of the coal saved and compare it with the sum of wages and the value of manufactures lost by the closing order, are making a point that is beside the issue. The factories would have closed for want of coal in any case, and the wages would have been lost. The closing order was not an order designed primarily to save coal, but to cure the freight congestion so as to free the coal already stalled in railroad sidings and return the empty cars to coal mines that were shut down for the lack of cars at their tips.

The order was advised by the War Council as an urgent war measure. It was supported by the Director General of the Railroads. It was issued by Mr. Garfield because, under the Lever act, he was the only official who could issue it. It was successful. And the critics who have been clamoring against it are as ingenuous and as well informed as the editors who announce that Mr. Garfield has "no knowledge of coal mining or coal distribution, and no executive experience whatever."

Not Problem in Management. The problems of the Fuel Administration are not merely problems in business management. They are not merely efficiency problems that call only for executive ability. They are the same human problems that have taxed the wisdom of the governments of the whole world during the past few years of war. And the man who solves them has to have more than an experience in coal production and coal distribution.

When Mr. Garfield was appointed Fuel Administrator, the production of coal was at its lowest ebb because of strikes and lockouts at the mines. "There were," he says, "two ways to proceed. Government, under plea of war necessity, might have used force. I do not deny that, in times like these, force must be used in last resort to carry out the programs of government. But there was a better way in this instance, and the Fuel Administration relied upon it. Operators and mine workers were brought together. The ideal set up by President Wilson was recalled to their minds. Our dependence upon coal for the prosecution of the war was explained. It was firmly insisted that in the present crisis there should be neither union nor non-union; that for the period of the war all controversy between operators and mine workers must cease. The appeal was heeded and production steadily rose until winter set in. In spite of the fact that, as some thought, government had laid a blighting hand on legitimate profits. It was a practical illustration of the potency of the new idea of freedom, a demonstration of the efficiency of democracy and the consciousness of a common purpose."

Policy Discouraged Profitteering.

It is now complained that by restricting profits the Fuel Administration discouraged production. It is argued that if the mine owner had been allowed to make greater profits, he would have been so eager to increase his tonnage that there would have been an abundant supply of coal. But the governments of other countries have found that the laborer will not work patriotically to supply a national need when his employer is taking advantage of that need in order to profiteer. Labor will be loyal and unselfish only when the employer of labor is loyal and unselfish. It is necessary to prevent the employer from profiteering before the employee can be prevented from profiteering. With out price fixing at the mines, there would have been strikes and discontent and a consequent coal shortage. The Fuel Administrator's policy discouraged the profiteering of capital and the profiteering of labor. He critics who argue that the price of coal should not have been fixed are willing to let the mine owner profiteer, but they suggest no way to make miners work loyally for such an employer. Mr. Garfield's policy has obtained an unselfish cooperation from both.

What remains of the fuel problem is almost wholly a problem of transportation. Most of the coal mines of the country are located in what the military people might call difficult terrain. The usual mine of the great Pennsylvania and West Virginia fields is located well up on one side of a narrow mountain valley. At the bottom of the valley is usually just room enough for a river and a railroad. There are no considerable flat spaces on which coal could be stacked up.

Coal Must be Kept Moving. The nation's coal must be kept moving along the railroads as a city's water supply is kept moving thru the water mains. The best assurance of a satisfactory supply of coal for next winter lies in an adjustment of the machinery of transportation to the needs of the consumers—an adjustment so foresighted and

comprehensive that the coal will flow day by day from mine to furnace with the absolute minimum of carriage and of delay.

It is to secure such an adjustment that the new zone plan for bituminous coal has been perfected and adopted. This is the plan sponsored originally by Mr. F. S. Peabody of the Coal Production Committee of the Council of National Defense, and amended somewhat to square with the ideas of the transportation experts of Mr. McAdoo's railroad administration. By this plan every considerable coal field in the country is assigned a definitely bounded district to which shipments from it, except under exceptional circumstances, will be confined. These districts occasionally overlap—a particular city may be in two or three districts instead of in one alone, and get its coal from two or three fields instead of from one. In the West the districts are arranged with reference solely to securing the shortest possible haul for all coal consumed. Districting the East has been a more complicated problem. Length of haul was a chief consideration here, as in the West. But it was also necessary to reduce traffic on roads.

This system of zoning promises to untie the knots of congestion in railroad traffic that had to be cut, last winter, with the closing order. It promises to supplement an adequate production of coal with an adequate distribution of it.

And unless the war affects the railroads and the industries of the country more adversely next winter, it would seem that the fuel problem has been solved.

A. R. Preston will be in Jacksonville March 9 at Packard's barn with a load of good milk cows.

NO ACTION TAKEN ON WAR FINANCE BILL

Sharp Clashes Between Its Advocates and Opponents—Effort Made by Secretary McAdoo to Compromise Their Differences.

Washington, March 5.—Contention in the senate over the administration bill to create a war finance corporation continued today again preventing action on the measure after sharp clashes between its advocates and opponents and an effort by Secretary McAdoo to compromise their differences. The attack was centered in today's debate on the provision to establish capital issues committees to license security issues of \$100,000 and over. Republican leaders joining with Democrats of the banking committee leading the fight on the legislation.

Administration leaders were doubtful tonight as to whether the licensing plan could be retained. Secretary McAdoo was invited to a conference of banking committee members and other senators and is said to have urged passage of the bill substantially as it is pending in the senate. Later during debate on the floor, Senator Hollis of New Hampshire, a Democratic member of the committee, loudly intimated that administration influence had dominated the consideration of the bill and that Secretary McAdoo had outlined just what matter should and should not be discussed or changed. This drew a sharp retort from Senator Simmons of North Carolina in charge of the bill who declared the assertions were "unjust and unfair."

The licensing section was attacked by Senator Reed of Missouri, Owen of Oklahoma, chairman of the banking committee, and Hollis, all Democrats, and by Republican Leader Gallinger and Senator Smoot of Utah, Republican member of the finance committee. The latter declared that the present voluntary capital issues committee is working successfully and that no securities could find a market is disapproved by the voluntary organization.

When you want good garden seed and garden tools go to Brady Bros. Everything the best; prices right, too.

BEAUTIFUL BIRDS. A stranger in the city yesterday visited Maplecrest Sanitarium and was especially charmed by the birds he saw and heard sing there. He said there were six robins, three red-birds and two meadow larks and he remarked to Mr. Riley if the sight and sound of these sweet songsters would not help a patient improve the case must be well high hopeless.

THE BIRTH RECORD. Word has been received of the arrival of a little daughter in the home of Mr. and Mrs. Wallace Spink of Torre Haute, Indiana. Mr. Spink is a son of Mr. and Mrs. Ebenezer Spink of this city and Mrs. Spink was formerly Miss Ethel Sackman, well known in this city.

STATEMENT AS TO NAME. Mention was made yesterday that Earl White had been arrested for drunkenness. Relatives of Earl White, known as G. E. White of East Lafayette avenue and formerly of Woodson precinct, desires the statement made that he is not the person to whom the item referred.

BURGLARY INSURANCE? Yes, we have it. Ward's Insurance Agency, 501 Ayers Bank Building.

ALL DAY SEWING. The Ladies Aid society of State Street church will hold an all day sewing at the home of Mrs. C. A. Johnson, Lockwood place.

WITH THE SICK

Supt. Chas. P. Gillett was taken to Passavant hospital yesterday morning and operated on by Dr. C. E. Black for appendicitis and last evening his condition was encouraging. William Warnick of Hillview, was brought to Passavant hospital Monday and operated on by Dr. C. E. Black for appendicitis. He was accompanied by his family physician, Dr. Harvey Garrison who brought him to the hospital. His condition so far is satisfactory.

A. M. Masters, who is recovering from an attack of pneumonia, was in the business district for a few hours Tuesday. In the course of a week Mr. Masters will probably go to a southern resort for a brief period of rest.

E. C. Lambert is out again after an illness of six weeks.

COW SALE

A. R. Preston will be in Jacksonville March 9 at Packard's barn with a load of good milk cows.

MORE BURGLARIES

The residence of Mrs. Boyer in South Sandy street was entered early Tuesday night by burglars, who made their escape without obtaining anything of value.

Mrs. Boyer and her little son left home about eight o'clock to attend a picture show. When they returned about an hour later Mrs. Boyer found the front door of the residence open. The intruder gained entrance to the house by the use of a skeleton key and after ransacking the house made their escape.

Captain Elliott of the night force was notified and went to the scene but failed to find any trace of the burglars.

JUSTICE COURTS

In the court of Squire J. M. Coons the following men paid fines and costs amounting in each instance to \$13.30 on the charge of disorderly conduct. They were arrested while shaking dice in a room in the Park Hotel building. The names recorded are Frank Birdsell, Frank Cox, Clayton Groce, Jud Ragan, H. Obermeyer, C. Kinnett, Frank Obermeyer, J. Baldrige, Thomas Abel, Jack Hedges and J. C. Brown.

CONGREGATIONAL CHURCH SPECIAL MEETING

A called meeting of the Congregational church will be held at the church this evening at 7:30 o'clock, to hear the report and act on the recommendation of the supply committee. This is accounted a very important meeting and it is therefore urged that all members of the church and congregation attend.

STOCK SALESMAN WANTED FOR ILLINOIS

Zelle Tractor Company Wainwright Building, St. Louis, Missouri

THE AYERS NATIONAL BANK

LADIES' DEPARTMENT

Many a man has started a checking account for his wife, to teach her banking methods. It is a wise precaution. In these days of uncertainty it is well to guard against the unforeseen.

This bank welcomes Ladies' Checking Accounts. Special attention is given them. The little courtesies like a ladies' waiting room, special ladies' teller, and convenient check books, etc., are afforded of course.

Such an account enables a woman to keep an accurate account of her household expenses — to learn banking methods, and often times promotes thrift.

The Ayers National Bank

NUMEROUS ORDERS FOR SPRING WHEAT

A Number of Morgan County Farmers Will Plant Marquis Variety—Early Planting Advisable.

A considerable number of Morgan county farmers have ordered spring seed wheat and the acreage of spring wheat here will be greater than has been true for twenty-five years. Several farmers grew spring wheat successfully here in 1917 and that fact has encouraged others to try the plan in 1918. Furthermore, there is assurance of a good price for the wheat crop and still another reason is that the government is urging all farmers to extend their wheat acreage and so increase the total crop for the year.

As G. B. Kendall, county agent here, has already pointed out, there are a number of standard varieties but Marquis wheat seems to be the favorite, especially for this climate. The county agent takes the same view held by other men who have made a study of the subject, that planting spring wheat here is something of an experiment and that the average farmer is not justified in putting in a large acreage. A number of farmers have ordered seed simply for eight or ten acres. Authorities agree that early planting of the seed is desirable.

The Decatur Review tells of a Macan county man who has already planted 24 acres of spring wheat. This farmer says the season has been ideal for planting and that spring wheat is a cold weather plant and should be put in the ground just as

early as possible. One trouble with spring wheat is that if it does not get an early spring start the plants do not stool out in a satisfactory way and so the yield is cut down.

THE 36TH BUICK

The 36th Buick went to Dunaway and Mead of Murrayville, who will represent the Buick car in that territory.

INNOVATION AT PRAYER MEETING

An innovation will be introduced at prayer meeting at Grace church this evening. Instead of the usual service the Woman's Foreign Missionary society will present a special program. The president, Mrs. H. A. Perrin, will preside and conduct the opening exercises. The ladies of the society are making a special effort to have the attendance fill the lecture room. The service is open to the public and all are cordially invited to attend. The program follows:

Hymn.
Scripture.
Invocation—Mrs. R. A. Gates.
Solo—Miss Vera Wardner.
Reading—Miss Rose Ranson.
Whys and Wherefores—Miss DeMotte.
Fields Afar—Mrs. W. F. Brown.
Messages from the Front—Mrs. Herbert Capps.
Selective Service—Mrs. J. I. Graham.
Hymn.
Benediction.

UTILITY RATE HEARING WILL CONTINUE TODAY

REPRESENTATIVES OF TWELVE CITIES BEFORE COMMISSION.

Companies Show Large Increases in Coal Costs—City Attorney Reeve Declares Part of Higher Costs Already Considered in Jacksonville Rates—Higher Rates Likely to be Granted.

In Springfield Tuesday the hearing in which the Illinois Traction system is asking increases for its various companies was resumed. As previously indicated, the traction company is seeking to raise its rates in thirteen cities. The proposed increases average about 20 per cent and the companies claim that these increases are justified by the very large growth in operating costs particularly because of the high cost of fuel.

It is the claim of the companies that a real emergency exists and that unless authority to increase rates is given that the companies will be in serious financial straits. At the continued hearing Tuesday all cities affected except Clinton were represented. City Attorney John J. Reeve entered protest on behalf of Jacksonville. Judge W. E. Thomson was present to represent South Jacksonville and Mayor H. J. Rodgers and E. H. Gray, superintendent of the Jacksonville Railway & Light Co. properties were also in attendance.

The Jacksonville Situation. In his statement Mr. Reeve made the point that valuation placed on the company's property here by the utilities commission in 1916 was \$565,000, whereas the company is asking that it be allowed to make returns upon an investment of \$850,000. Mr. Reeve also called attention to the fact that in the compromise of the Jacksonville case that due consideration was given to the increased cost of coal in 1916. In its petition covering the various cities the company has compared coal costs of 1913, 1914 and 1915 with the high coal costs of war times. It was Mr. Reeve's point that if any increases are allowed here that due recognition must be given the fact that a part of the higher coal costs has already been taken into consideration in the rates that are now in effect.

Jacksonville had a chance for a statement early in the hearing because this city is named in the petition and further more because this city is the only city in the group of thirteen where the valuations have been passed on by the utilities commission.

Increases Likely to Come.

It was the general feeling of those in attendance that the utilities commission realizes that the companies are now meeting a vast increase in the cost of operation because of the higher prices paid for coal and that some relief is necessary. It is quite certain too, that if any advances are allowed they will not be deferred until after exhaustive work of taking inventories is completed. For the commission to accurately take valuations on all of the company's properties in the various cities affected would consume much more than a year's time unless the available force of workers is vastly increased.

R. H. Radley, corporate counsel for Peoria was one of the principal objectors to increases, his arguments being that the company is seeking to earn income on a bonded debt much larger than the valuation of the company's property in Peoria justifies.

The hearing continued all thru Tuesday and at the hour of adjournment it was hoped that the arguments and testimony might be completed by noon today. It is possible that the commission may take the easy way and advise but an early finding is anticipated.

CARTERVILLE COAL

SUITS FOR DIVORCE FILED

A suit was filed in the circuit clerk's office yesterday by H. P. Samuels, attorney for Louise B. Wright, who is seeking divorce from her husband, Frank Wright. They were married in Bowling Green, Mo., June 27, 1910, and the complainant charges that the defendant deserted her in June, 1911.

Mr. Samuels has filed a bill for divorce in behalf of Della Alice White who is seeking a legal separation from her husband, Squire White, alleging desertion. The couple were married in Boone county, Mo., in 1879.

ATTEND MEETING OF LAUNDRYMEN

O. N. Barr will go to Bloomington today to attend a meeting of the Central State Laundrymen's Association which convenes at the Illinois hotel. The association is composed of laundry proprietors from the central part of the state who hold meetings at stated intervals to discuss affairs pertaining to the business.

SURPRISED ON BIRTHDAY

George N. Wood of Franklin was pleasantly surprised Tuesday evening by a number of friends and relatives, the occasion being his 65th birthday. The company went to the Woods Livery barn where a barn party was enjoyed. Refreshments of corn and rolled oats were served in keeping with the orders of Food Commissioner Hoover.

MR. LUTTRELL VISITS THE CITY

Sherman Luttrell was in the city yesterday and made the Journal a pleasant call. The gentleman said he hardly knew where or what place to call his home as he had disposed of his farm and felt like taking a rest for a while and could hardly say yet where he would locate. Certainly the place or neighborhood that does secure him for a citizen will be worthy of sincere congratulation, as this gentleman has shown much public spirit in the past and he is far from old yet.

WOMEN'S LIBERTY LOAN COMMITTEE MEETS

E. E. Crabtree, State Chairman for the Eighth Federal District Among the Speakers on the Program.

Springfield, Ill., March 5.—Necessity of perfect organization and cooperation with the men's committee in the third liberty loan campaign, beginning April 6, had chief emphasis here today at a conference of the women's liberty loan committee of Illinois.

To this end men speakers had part in the program. E. E. Crabtree of Jacksonville, state chairman of the eighth federal reserve district and Herman Gifford of Chicago, sales director of the seventh district, made addresses, in addition to a patriotic appeal by former Governor Richard Yates.

Other addresses were by Mrs. George Bass of Chicago, secretary of the national women's committee; Miss Grace Dixon of Chicago, director of the seventh district; Miss Florence Wade of St. Louis, director of the eighth district, and Mrs. Howard T. Wilson of Virden, state chairman of the women's committee from Illinois.

Delegates were present today from every congressional district in the state.

Mrs. F. O. Lowden received the delegates at the executive mansion late this afternoon.

Mrs. Helen Brown Read of Jacksonville gave a group of songs, various reports were presented and altogether the programs carried out for the two sessions added greatly to the sum total of the enthusiasm for the third liberty loan and the work which women will have to organize with greater definiteness. The program for the two sessions was as follows:

Morning Session—10:30
Music—Star Spangled Banner.
Greetings—by the State Chairman, Mrs. Howard T. Wilson.
Reports—Vice Chairmen.

Mrs. Louis L. Emmerson, Southern District.
Mrs. John Prince, Central District.
Mrs. Jacob Baur, Northern District.

Reports of District Chairmen.
Music—I Know a Lovely Garden (D'Hardelot); Sing, Smile and Slumber (Gounod); Floods of Spring (Rachmaninoff)—Mrs. Helen Brown Read, Soprano; Mrs. John E. Bretz, at the piano.

Third Liberty Loan Organization—
E. E. Crabtree, Jacksonville, Ill., State Chairman, 8th District Federal Reserve District.

Greetings from Mrs. Wm. A. McAdoo, Chairman National Woman's Liberty Loan Committee.

Patriotic Address—Ex-Governor Yates.

Report Upon Plans for Work—Miss Grace Dixon, Director for Women, 8th Federal Reserve District.

Reports of Plans for Work—Miss Florence Wade, Director for Women, 7th Federal Reserve District.

Afternoon Session—2:30
Music—America.

Reports of District Chairmen.
Greetings from Mrs. Kellogg Fairbank, Chairman Advisory Council of the National Woman's Liberty Loan Committee.

Third Liberty Loan—Mrs. George Bass, Secretary National Woman's Liberty Loan Committee.

Co-operation of Men and Women's Work—Mr. Herman Gifford, Sales Director, 7th Federal Reserve District.

Address—Sergeant Walter A. Desmond, Twentieth Canadian Battalion.

Music—In April (Jules Rontgen); The Home Road (John A. Carpenter)—Nonpareil Quartette from Amateur Musical Club.
4:15—Adjournment.

SCOTT BUYS ONE OF FAMOUS OAKLANDS

Yesterday the J. F. Claus Motor Co. sold to Albert H. Scott, west city, a "1915" five passenger Oakland touring car. One of the famous "Sensible Six" models.

MAY RE-ORGANIZE BAND.

Several years ago a boys' band was organized by C. C. Jeffries and later the work of leadership was in the hands of F. W. Goodrick. There were about thirty boys in the organization, which has not been doing active work recently. There is now some possibility that H. O. White, a well known musical instructor of the community, may take over the band leadership and in this way the boys will not lose the advantage of work done in past years.

GOES TO ARIZONA.

James Willerton who has been at San Francisco for the past two years for the benefit of his health, has recently been ordered by his physician to go to Arizona, according to a letter received by his parents. The continued rainy weather which resulted in his catching a severe cold is responsible for the temporary change of residence.

FORMER RESIDENT HERE.

Mr. and Mrs. Henry Sanderson came to Jacksonville last night from Yakima, Wash., to be guests of Mr. and Mrs. George H. Tremblett at the Cherry Flats. The visitors came to Jacksonville from St. Louis where they have been the guests of relatives. Mr. Sanderson was for many years a Jacksonville merchant and is well remembered by many people here. He was in the shoe business when a Jacksonville merchant.

BOY SCOUTS START THRIFT STAMP CAMPAIGN

Organized at Y. M. C. A. Tuesday Evening—Chas. H. Weber Explained Plan to Boys Who Immediately Started Out to Get Business.

Troops one, two and three Boy Scouts of America perfected an organization for the sale of thrift stamps and war savings certificates at a meeting held at the Y. M. C. A. Tuesday evening. There was a good attendance. Immediately following the meeting the Scouts started on their work with enthusiasm and no doubt will make it a big success.

Carl H. Weber, county chairman of War Savings and chairman of the Scout Council spoke to the Scouts on the plans formulated for the sale of these stamps thru the scout organization of the country and the interest manifested was most enthusiastic.

The plan is based on the system of taking orders on special Red Post Cards. The number of stamps desired, denomination and date of delivery are filled in and the cards are then signed with the name and address of the purchaser. Space is also provided for the name, address and troop number of the scout salesman and the card is then ready for mailing to the local post master.

These cards are taken up and distributed at the post office to the proper carriers who make delivery and collect for the stamps so ordered. These cards are turned over to the local W. S. S. committee monthly for their records.

A special Scout War Savings Manual and an allotment of the franked post cards which are prepared and printed by the Treasury Department were distributed to the scouts present, all of whom entered heartily into the plans and are determined to win the medals of recognition offered for faithful service by the government.

The rewards are based on the system of decorations used in the allied armies and are very attractive. Each scout who has sold twenty five or more stamps of either denomination to twenty five people and who has proper credit on the books of the Morgan county committee thru the red card system is awarded a W. S. S. Achievement button and he is then in line for an "Ace" medal.

The idea of the "Ace" medal is an adaptation of the plan of the French government in awarding honors to its aviators. An "Ace" in France is an aviator who has brought down five enemy aeroplanes within the French lines, which indicates many more unobserved victories. An "Ace Scout" is one whose red post cards show that he has taken orders for a total of \$250 of War Savings stamps and Thrift Stamps from 25 or more individuals.

For each additional \$100 of the stamps sold the scout is awarded a small metal palm branch to be attached to the "Ace" medal, as the

French aviator is awarded a palm branch for each additional plane brought down.

In addition the "Ace Scout" in each state who, during 1918 wins the greatest number of W. S. S. Palm will receive at the close of the year a personal letter of thanks from the President of the United States.

The wives of the prefects' cabinets have also offered an American flag to the record troops in each state with the troop name and number suitably inscribed.

The Boy Scouts of Jacksonville are a most alert band of many boys and will make polite and enthusiastic salesmen for Uncle Sam during the coming year.

CARTERVILLE COAL
Just received delayed shipment Carterville Coal.
WALTON & CO.

CHILDREN TO BE USED IN LIVING PICTURES.

Mention has previously been made of the living pictures which will be given Thursday night at the David Prince gymnasium under the direction of Miss Harriet Seibert of the art department of the city schools, as a Jacksonville Red Cross association benefit.

Mr. Davidson, the artist in charge of the representation of famous pictures by living children, is spending many days selecting pupils for the pictures. A look in the school where the selection is being made after school hours shows a large group of boys and girls who are intensely interested in offering their services.

Mr. Davidson, accompanied by Miss Robert, is making a careful study of the children with the view of having an exceptional representation of work of art.

The plan is a very valuable one and is particularly educational. A large frame has been erected on the stage of the David Prince Gymnasium and with the assistance of prepared backgrounds, special draperies and lighting effects, most striking resemblances to works of art will be produced thru the use of children of the public schools. It is estimated that the 40 or 45 pictures presented will contain 60 or 65 different individuals.

Fresh bulk garden seed—all kinds at Brady Bros. Also big stock seed tape.

HOMER RANSON BUYS PINE STREET HOME

Mention was made recently that Otis Hoffman had sold his property on North Prairie street to Homer Ranson and had purchased from Sheriff Graff the Quisenberry property on Pine street. When it came to making a change Mr. and Mrs. Hoffman disliked to give up their home and they accordingly sold to Mr. Ranson the Pine street property and retained their own residence. Mr. Ranson has recently moved from his farm southwest of the city to his new Pine street home.

WILL CO-ORDINATE WAR RELIEF WORK

Committee Named to Pass On Plans for Raising Funds—Permanent Office Will Be Maintained.

A meeting was held in this city Tuesday for the purpose of organizing the finance committee recently appointed by the organization committee of the executive committee of the state council of defense for this county. Dr. J. R. Harker was chosen as chairman and C. B. Graff as treasurer, and the latter will also serve as secretary until the selection of someone to permanently act in that capacity. The secretary is to have a permanent office and a sufficient number of assistants to enable him to carry on the work of the office in an efficient manner. The location of this office is still undetermined but the matter will be taken up and settled in the early future.

The finance committee is an auxiliary of the state council of defense and will act under the instructions of the latter organization. The purpose is to so co-ordinate the war relief work in the county that all duplication of effort and useless expenditure of money will be avoided. The committee will have charge of all funds raised for war relief purposes and thru it all applications for the collection of money for such purposes must be made. There will be on file in the office of the committee data concerning all subscriptions and gifts from every person in the county aiding in any of the war relief campaigns.

Fresh bulk garden seed—all kinds at Brady Bros. Also big stock seed tape.

FOOD ADMINISTRATION RULING
Instructions from the state food administration are transmitted to M. F. Dunlap, county administrator, almost daily. Recent instructions refer to the order which requires retailers to sell wheat flour only on a 50-50 basis—that is, requiring purchase of an equal amount of substitute with the purchase of wheat flour.

A change has been made in one of the rules with reference to wholesalers and a wholesale grocer may sell to a retailer wheat flour without substitute provided the retailer certifies in writing that he has on hand or has purchased the required amount of substitute on a pound for pound basis.

Mention is made also of a misunderstanding which is prevalent in regard to so called war flour. The county administrators are advised that this flour contains nothing but wheat and it is therefore necessary for dealers to sell it with the required substitutes on a pound per pound basis. In the list of substitutes which can be sold with flour edible corn starch was omitted from the recent bulletin issued by the department.

Audie Beerup traveled from Franklin to the city in his Ford car yesterday.
